FIRE INSURANCE CUT SEEN

POLICE COMMISSION TO RECOMMEND SGT. ROY BEECHER FOR LT. JOB

Moving to streamline and enlarge the local police department, the newly created police commission will ask the city council Monday evening to appoint a lieutenant.

Best guess around city hall is that Sgt. Roy Beecher, a veteran local police officer, will be named to the lieutenant's job.

The appointment will be in conjunction with a recent move by the city to enlarge the police force, and at the same time to create a new table of organization. Presently there is no intermediate officer between the chief and the sergeants.

Meanwhile, the police commission met with the city council Monday night for a conference to determine clarification of duties of the commission. As instructed by the council, the five man group will:

1. Screen all applicants for the police department, making definite recommendations to the city council.

2. Participate in a traffic and safety education program with the schools.

3. Submit to the council rules regulating conduct of the police force. These rules are expected to be adopted by the council Monday evening.

Prepping For National Fire Prevention Week

In preparation for National Fire Prevention week, October 5-11, the Daly City Fire Department will burn any lot within the city limits upon request, it was announced this week by the local Fire Prevention Bureau.

This does not include backyards. For further information call PLaza 5-4212.

New State Freeway To Link Coastside And Daly City

Intention to adopt a new 3¾ mile routing for State Sign Route 1 in San Mateo County between Edgemar and the west end of Alemany Boulevard in Daly City was announced by the California Highway Commission today.

The routing, which would incorporate portions of Edgemar Road and Skyline Boulevard, is located inland from present Sign Route 1 which lies along the ocean at Thornton Bluffs. The new route would also be declared a freeway.

The Commission said that slides and slipouts are too prevalent on the present highway along the face of the bluffs, making it impossible to assure continuous traffic service on the existing highway location.

Conference

Following established procedure, the Commission has requested George T. McCoy, State Highway Engineer, to confer with local authorities and to determine if a hearing by the Commission is desired before final action is taken to adopt the route. It is believed that the proposed routing will meet the needs expressed by local authorities and highway users after last winter's storms.

The routing proposed by the Commission would start in Edgemar and proceed in a north-east direction to a junction with Skyline Boulevard (State Sign Route 5). Then it would follow the general location of the present Skyline Boulevard, but on new and improved alignment, to Alemany Boulevard.

New Route

The new route would be developed as a divided, four-lane freeway and would cost nearly $3,000,000, including purchase of rights of way. Provision would be made for additional lanes when justified by traffic volume. However, the Commission said that the actual beginning of construction would depend upon the availability of future highway funds.

The first unit of the freeway

Lions Launch Drive For Clothes, Tools

At this week's meeting of the Daly City-Colma Lions club members made preliminary plans for their drive for people of the Philippines.

The club is asking that persons interested in the welfare of the poor in the Philippines send old clothes and farm tools to the Serra Furniture store, Junipero Serra, Ray Arneson's, or the Chevron station at School street and Mission.

Joe Figueras is chairman for the drive.

Guest speaker this week was Robert Barrington, who was introduced by Lion Tom Gilbert. Barrington, supervisor for Pacific Telephone and Telegraph Co., spoke on and demonstrated microwave.

Lions also inaugurated perfect attendance week, which began Wednesday.

Lions who attend 40 weeks straight without being absent will get a pin.

Introducing the guest speaker next week will be Danny Andersen.

$600-700 Damage In Colma Fire

A fire which broke out last Sunday evening at the Colombo Box factory, Washington street in Colma, did an estimated $600-700 damage, company officials say.

The fire was believed to have started when a short occurred in the ignition of a company truck parked in the yard. Several crates were demolished and damage was done to the vehicle.

The Colma and Daly City fire departments were called out at 8:30 p.m. to extinguish the blaze.

PROUDLY DISPLAYING THE FLAG used in the burial of her son, who died in World War I, is Mrs. Ida Beal, 38 Beta street, Daly City. Mrs. Beal, who has resided in the same home here for 11 years, has offered to donate the 5 x 9½ ft. flag to the city for placement at the War Memorial building. The flag was draped over her son's casket in military ceremonies following his death in the First World War.

ANTI-FLUORIDATION "EXPERT" THANKS RECORD FOR PRINTING BOTH SIDES

(Ed. Note: While we are not necessarily in agreement with the following statement, we think it of enough interest to warrant publication.

If any thing, this letter is thought-provoking and a perfect example of the democratic system where anyone can say anything on any subject.

We cordially invite those who might disagree with Mrs. Franzen to write THE RECORD.)

The Record, Editor
Dear Sir:

Your paper should be commended highly for printing both sides of the fluoridation issue. Frankly, there is but one side as the hearings in Washington this year exposed. To wit: The only qualified scientists on this subject are against fluoridation. Those speaking for fluoridation were only "parroting each other's opinions" as Congressman A. L. Miller, M.D., of Nebraska stated, and were "misleading" him and others.

Congressman Wood said the Americans are the most charitable people on earth but unfortunately the easiest deceived and misled. Witness the superintendent of your schools, the board members, an attorney and judge, and several dentists favoring and endorsing fluoridation, and yet I feel certain they known nothing concerning the unassailable scientific, legal and subversive facts on this issue. If they know the truth, they certainly have no right to be in positions of trust and authority in this nation.

Fluoridation is subversive and un-American. To be specific—fluoridation is chemical warfare. It is a well known fact that fluorides affect the ulnar nerve and deaden the frontal lobes of the brain. Congressman Miller said in his report in the House of Representatives as recorded in the March 24th Congressional Record "Experimental work on rats and mice indicate a lessened mental reaction in rats and mice who have had fluorides." Human beings are much more sensitive to fluorides than rats and mice, too.

Why have supposedly good Americans been deceived into promoting and endorsing fluoridation? Either because they are misinformed, uninformed, dishonest or subversive. There are no other reasons.

Consider very carefully another point stressed by Congressman Miller in that historic address of March 24, 1952. "There is no scientific basis for recommending immediate acceptance of the proposals to treat the entire population with fluorides. The mass medication with fluorides is still in the experimental category."

Fluoridation aims to destroy our sacred Constitution with its Bill of Rights which guarantees us certain freedoms, among them religious freedom. Fluoridation destroys freedom and personal integrity. That applies not only to those of the Christian Science faith but Catholics as well because fluoridation is a birth control method for some people, for others it induces abortion and for some renders them sterile. I am speaking of the continual ingestion of the small amount which is injected into public drinking water supplies.

If any of those sponsoring or promoting fluoridation wish to dispute what I have written I shall be happy to have them call me at ATwater 2-7788, make an appointment and I will show them the truth about fluoridation.

My praise to the Editor for being a courageous, loyal American

(Continued on Page 2)

LOCAL SUBSTITUTE TEACHERS NEEDED

Persons qualified to do substitute teaching in the Jefferson elementary schools are requested to call at the superintendent's office, 344 Santa Barbara avenue.

A teaching credential is required, but it may be one issued one an emergency basis.

Interested parties are asked to call Superintendent H. Z. Weibel at PLaza 5-3341.

Daly City-Colma Get Chest Fund Quotas

County Quota Is Upped; Total Reaches $376,440

The Daly City and Colma areas have been given a total quota of $8500 in the coming 1953 San Mateo Community Chest Fund drive. Breakdown sets Daly City's quota at $6220 while the Colma area will strive to reach $2280.

Seven other sectors make up the North County area under the vice-chairmanship of Eugene D. Fletchall.

Quotas for these other areas are: Bayshore, $2400; Brisbane, $600; Lomita Park and San Bruno, $11,600; Millbrae, $7600; Sharp Park area, $1500; South San Francisco, $42,000.

Campaign Chairman for the three areas, North, Central and South county, is Edward Keller.

At a recent meeting held at Chest headquarters in San Mateo he cited the acute need for the 26% increase over funds raised last year. This increased demand brought the total county quota to $376,440 for the coming campaign.

Division of the total quota throughout three sections of the county was advised after extensive research by Community Chest executives.

Advance gifts teams now in the field prior to the residential campaign beginning Oct. 1, will turn over total contributions to help meet the individual quotas of the community in which they have been received.

Quotas set have been based upon comparative figures of past contributions, population growth and potential solicitation gains, and each community within San Mateo county has been issued a quota tailor-made for the specific area.

Quotas for Central county area are: Burlingame $35,000; Burlingame Hills, $1500; Half Moon Bay area, $1500; Hillsborough, $48,000; San Mateo, $64,000. Vice-chairman is Eugene D. Fletchall.

(Continued on Page 2)

Heavy Registration Expected In County

Word received today from the election registration department of the County Clerk's office indicate that the number of voters registered for the coming election will surpass all previous county registration.

Registration for Daly City is also expected to take a substantial jump, although the county clerk's office reported that any city-by-city breakdown at present would be nearly impossible, owing to the number of registration affidavits flowing unceasingly into the county office. Registration closed last Thursday but validation of registration has just got under way.

Workers at the election office estimated it would be another week before final figures were available. In the past 10 days 20,000 affidavits of registration have reached the office, the largest number for such a short period of time since the all-out vote in the June primaries.

Estimate given by the election office was that total county registration this year would hit between 155-158,000.

Daly City's Planners Hold First Meeting

Daly City's brand new planning commission got underway last Friday night and settled down to the business of ironing out the myriad problems always confronting such a group.

There was general agreement among members that the city map should be brought up to date, and also that the commissioners should make a tour of the city within the near future to acquaint them with zoning needs and the geography of the city.

Sanford Vickers, secretary, was instructed by the group to forward a letter to the San Mateo county planning commission protesting the building of a PG&E sub-station in Colma between Chester and Market streets, Orange and Atlanta streets.

The city has maintained that the area is primarily for residential use.

The commission also: Recommended that Louis Williams, 427 Niantic, be granted a temporary permit for storage of a refrigerator unit on the lot adjoining his place of business; Approved Kingdom Motors Ltd.'s request for use of the property at Mission and E. Lake street as a used car lot.

Chief Hopes For 10% Cut

A 10 per cent cutback in fire insurance rates is seen for Daly City if residents pass a $173,500 fire department improvement bond issue October 28.

This is the hope of Fire Chief Elmer Kennedy who, in a letter to the city council this week, outlined needed improvements in the local department.

Under the present setup, Daly City is rated Class 4 by the National Board of Underwriters. Chief Kennedy believes this classification may be reduced to 3, if and when the bond issue is passed.

Savings

Actual savings, however, would be slight, according to a local insurance broker. For example, the average cost of a $10,000 fire insurance policy today is $55 for three years. With a reduced classification the rate would be $50.

Conversely, should the bond issue flop there is a possibility the classification might be jumped to 5, and the rates go up 10 per cent.

As reported in THE RECORD two weeks ago, the city feels the bond issue is necessary in order to finance improvements in the fire department which are "long overdue." These will include building of a fire house in Westlake, hiring additional men, buying new equipment and modernizing present facilities. In addition to the bond issue for the fire department, voters will be asked to give the green light for the expenditure of $160,000 more for completion of the community center building and close to $400,000 for modernization of the water department.

CITY COUNCIL MEET SCHEDULED MONDAY

Further discussion of the proposed October 28 bond election is slated for the city council meeting Monday night, September 22.

The regular meeting is to be held in city hall, 75 Wellington avenue, at 8 p.m.

The public is cordially invited to attend.

Westlake Group To Raise Funds For School Lawn

Decision to launch the program for the planting of a lawn on the upper step of the Westlake school, was made last night at the meeting of the Westlake Dad's club.

The following awards will be made in the effort to obtain funds for the project: 24" TV set, automatic dryer, bicycle, Warring blender, table radio, electric toaster, electric iron, and roller skates.

Members of the committee for the undertaking are: Harry Bosbery, Howard Dunbar, John Moore, Lee Lester, Sol Lieberman, Fred Cruse and T. V. Worth.

Look for further announcements about the project in THE RECORD.

FOLK DANCE CLASSES START AGAIN MONDAY

Teen-age folk dance classes begin again next Monday, September 22, Elman Rose, director of recreation, announced today.

Classes are held at Bellevue hall, 337 Bellevue avenue, from 7 p.m. to 8:30 p.m. Mrs. Muriele Pabst is the instructor.

Fifth and sixth grade classes are to receive similar lessons at Marchbanks park. Date and time will be announced later.

Car Stolen Here; Later Found In Arizona Town

Car thieves in the area seem to have an affinity for 1950 models. Last week it was a '50 Mercury that disappeared from the fold at Skyway motors.

This week two youths made off with an Oldsmobile, same vintage, from Cardinals Motors, but the car, along with an AWOL soldier from Fort Riley, Billy Gene Bridge, were found in Kingman, Arizona two days later.

Bridge's cohort was no where to be found. Bridge and companion had previously been picked up in San Francisco for car theft and burglary. At present Bridge is in the hands of the FBI for transporting stolen property across the state line.

Word From U.S. POW Received In Daly City

There's a good reason why Doris Ottoboni's man in Korea hasn't written very often in the past year—three times to be exact.

Miss Ottoboni, secretary at Jefferson Union high school, received the third letter from Pfc. Umberto Cuperro, who she has known for three years, last Saturday.

The letter was dated May 14, Pyokdong Prisoner of War Camp, Camp 5, North Korea, where Cuperro has been for the past year.

Lending support to his words that he was in good health was a photo of him dispatched by the Associated Press, which reached American newspapers Monday. The picture, taken by another prisoner of war, showed Cuperro, stripped from the waist up, in good physical shape. As Miss Ottoboni said, "He looked as though he hadn't lost any weight." The North Koreans have taken to this practice of sending photos of American p.o.w.'s as grist for their propaganda mills, but Miss Ottoboni was still darn glad to see him in the flesh.

Pfc. Umberto had the ill luck to be captured on his first patrol a year ago, but has continued correspondence with his family and Miss Ottoboni.

The letters, Miss Ottoboni said, have all been opened and resealed with tape, indicating that all written matter coming out of the camp is under close scrutiny of Red censors. She guessed the censorship channels probably accounted for the long delay in arrival of letters.

As to whether there is an engagement in sight upon his return, Miss Ottoboni declined to say. "I'll have to wait until he gets home to know about that."

She has been a secretary at Jefferson the past three years and was graduated from that school. Cuperro's home town is South San Francisco, where he was a farmer in civilian life.

LITTLE JOE SAYS—I'm speedin' up East Poplar in San Mateo when one of the kids in the back seat spots another Red Feather and I finds the Children's Health Home what used to be the San Mateo Preventorium. They got everything right there for the little kids who live there while gettin' the roses back in their cheeks and the sunshine in their eyes after bein' real sick. They even got school teachers like the nice lookin' one I meets walkin' with one of the little girls. The teacher is Mrs. Margaret Masters and the little girl could be anybody's little girl—maybe yours, who is goin' to be well and healthy enough to go home again because of Communtiy Chest dollars.

SHOPPING BLOCK

News of Your Local Businesses and Business Men

By JANE KEITH

DAVE'S MEAT MARKET, at 30 San Pedro Road in Colma, may specialize in Swift's Premium meats—but their out of the ordinary attractions are "salamini"—(that's small salamis) and "salsiccie" sausage! The salamini sell for 35c-40c apiece and when sliced are just the right size (and amount) for a good platter of hors d'oevres! The salsiccie sausages, which are about the size and shape of the frequently seen garlic frankfurter, are 80c per pound and come five or six to a pound. These versatile sausages may be boiled, fried—used in soup or what-have-you and their seasoning is superb! Try them for that different flavor you've been trying to find . . . at DAVE'S MEAT MARKET, naturally!

The COLMA PIONEER HARDWARE store, on San Pedro Road in Colma, is worth a visit from anyone interested in seeing a down-to-earth and no-monkey-business-about-it Hardware store! Owner Sam Silicani has been in business at the same stand for over thirty years and his well ordered, immaculate store and stock show his knowledge of that business from top to bottom.

Sam is no man to fit fripperies in between his pipe fitting, hoses and other hardware items, but his store has the odor of integrity—the soothing qualities found in the "old-fashioned" drug stores and a brusqueness of sales technique we had thought long extinct!

Wonderful selection of boy's Gaucho shirts at BERNING'S MEN'S AND BOYS' CLOTHING STORE in Broadmoor—and for only $1.89! Jefferson High School gym trunks, sweat shirts and pants, supporters, socks, etc., are also in stock here along with some of the smartest dress shirts, slacks and sport coats for men that we've seen anywhere around town. BERNING'S is open Friday nights 'til nine post meridian (along with the other wonderful stores in the Broadmoor shopping center) so don't forget to drive over and see for yourself—lots and lots of parking!

Can't resist those brown paper "Grab Bag" bargains at GAMBLE'S WESTERN AUTO SUPPLY in Broadmoor and neither will you when after paying only 29c for one—you find merchandise inside worth up to 49c—necessary items, too!

Most terrific bargains at Gamble's, however, are the dolls—large and small! Price reductions on these were so tremendous we asked, "What's wrong with them?" but those over 50% mark-downs are merely the result of overstocking on the stores part. One or two un-boxed items may be missing a shoe or stocking, but that fact merely drops the price again, so hurry, hurry, hurry! This is more than a saving—it's practically a "steal!" Yes, GAMBLE'S has "Lay Away" plan.

High style for high schoolers are black suede or red leather "flats" with gay plaid ties and composition soles just in at WEITZEL'S shoe store, in Broadmoor! Price is only $3.95, but since small scarves may be used in place of the tie—there are many variations possible! Since the tie passes through two arched openings just above the sole of the shoe (over the arch), the shoes will not slip off the foot—Good for folk dancing, etc.

You won't pop YOUR cork at the $1.25 price for over a pint of imported Italian champagne (extra dry) on sale at the WESTLAKE DELICATESSEN!

Brand name is "Gancia" and there are over four glasses in each bottle—just right for that tete-a-tete supper—especially when accompanied by some of the WESTLAKE DELICATESSEN'S delicious antipasto, say, followed with their cooked on the spot ravioli, pizza or crunchy garlic bread . . . a tossed green salad and shucks, let's open the second bottle—huh?

Miniature ceramic animals and birds are news in the WESTLAKE FLORIST SHOP with a mother and "daughter" slant to their designing. There are mallard ducks followed by separate, yellow chicks; pink-eared, gray mice surrounded by minute baby mice—there are raccoons, foxes, elephants, siamese cats and kittens; beautifully formed and colored horses and dogs—and the prices range from 25c to 90c! These are a must for knick-knickers with an eye for the unusual and a must, too, for gifters looking for the unusual in price!

Every Westlaker and visiting shopper seems to have discovered the new popcorn machine in the window of GODFREY'S ICE CREAM store in Westlake! Small bags (not so small, either) of the freshly popped and buttered delicacy are 10c—large bags, 20c! Remember, it's GODFREY'S for Wilson's candies—and for take home or eat on the way ice cream!

With Black Satin perfume selling at $5.00 for three-sixteenths of an ounce—and $10.00 for one half ounce, it really pays to stand under the bubble machine in front of Westlake's CROWN DRUG store! Yessiree! Monday afternoon smelled so good to us over there that darned if we didn't purchase—not the perfume, but CROWN DRUG'S special offer of three beautifully boxed stick colognes (Black, Gold and White Satin scents) for only $1.75!

THE SMILING CLEANER with the soft touch is Ralph of Ralph's Cleaners, 71 Templeton avenue. During the past years Ralph has been bringing his many customers fine cleaning service, plus an added touch of personality which has made him one of the most popular cleaners in Daly City. When he is not pressing Ralph is busy cheering on a local baseball team he has sponsored.

New State Freeway To Link Coastside And Daly City

(Continued from Page 1)

which would be slated for construction is the two-mile-long section along Skyline Boulevard.

The present section of Sign Route 1 along Thornton Bluffs, which lies along a shelf some 150 to 200 feet above the ocean, has been subject to continual slipouts caused by wave action along the base of the bluffs and slides from the unstable slopes above. In spite of large sums of money spent on maintenance, the road is becoming more difficult each year to keep open throughout the winter months.

Division of Highways engineers report that slides and slipouts have closed the road for a total of 229 days during the past 11 years. As a result of severe damage caused by the storms of last January, the road had to be closed for four months, making it necessary to reroute traffic over County roads.

THE POLITE THING

Little courtesies you show in social circles may win you new friends. Little courtesies on the highway may save your life, reminds the California State Automobile Association.

In Alaska 365 million acres of land are federally owned.

Anti-Fluoridation Expert Thanks The Record

(Continued from Page 1)

and printing the facts as we have compiled them.

Very truly yours,
Mrs. Hugo Franzen

P. S. Manitowoc, Wisconsin just voted down fluoridation by 2 to 1 vote. And last night I was thrown out of a Jr. C. of C. propaganda meeting to form a Dental Health Committee to put over fluoridation at Oakland. Nice people, huh?

(Ed. Note: We repeat, the opinions expressed here are Mrs. Franzen's.)

Daly City-Colma Get Chest Fund Quotas

(Continued from Page 1)

South county quotas: Atherton, $23,000; Belmont, $10,700; East and North Palo Alto, $2150; Emerald Lake, $1500; Menlo Park, $23,800; Redwood City, $34,200; San Carlos, $20,000; Pescadero area, $310; Woodside area, $12,000. Vice-chairman for this division is Graham G. Adams.

Prominent Legion Members Back Arthur Younger

Prominent American Legion members supporting the campaign of Arthur Younger, San Mateo County's Republican candidate for Congress, are Major James Swett, recently appointed chairman of the Veterans Committee for Younger, and Dave McCullough, member of the Younger for Congress executive committee, it was announced today by Dan Minto, campaign chairman.

At the same time Sweet announced that a meeting of the Veterans committee, to which all San Mateo County veterans are invited, will be held Thursday at 8 p.m. at Republican Headquarters, 45 N. B Street, San Mateo.

Both Swett and McCullough are members of San Mateo Post No. 82 American Legion. Swett won the Congressional Medal of Honor for his heroic achievements in World War II when, as a Marine Corps ace, he accounted for 16½ Japanese plane losses.

In commenting upon Younger's stated conviction that veterans' benefits be adequately adjusted to meet the rise in living costs, Swett said: "It is important that our congressional representative be aware of the changing status of veterans in the light of present-day economics. Younger's stand on veterans' benefits shows him to be not only alert to their needs, but willing to fight for their welfare in the congress of the United States. It is for this reason, Swett continued, that a majority of San Mateo County veterans are convinced that Arthur Younger will work in their behalf if he is elected on November 4th.

UNEVEN BRAKING

Swerving or irregular braking action, as you bring your automobile to a stop, is not always due to poor adjustment of the barkes, according to the California State Automobile Association. This may be caused by low or uneven air pressure in the tires.

Four Receive Minor Injuries In Accidents

Following a three car entanglement on Junipero Serra boulevard last Thursday, Arlane Shirley McNally, 31, of 334 Willits street, San Francisco was taken to Junipero Serra hospital for treatment of minor injuries. Other principals involved in the accident were William J. Donahue, 39, 1 Pacheco street, San Francisco, and Anita A. Stagnaro, 38, of 1875 Junipero Serra boulevard.

Daly City resident Ethel Stahl, 34, was taken to Junipero Serra hospital Sunday following minor injuries received in a collision with George Giovannoni, 23, of Half Moon Bay.

In another Sunday accident, Carlos Ernesto Gonzales, 1331 46th ave., San Francisco, was cited for failure to give pedestrians the right of way. The automatic signals on San Jose avenue at Mission were defective and were flashing yellow when his car struck Mrs. Margaret Binchus, 443 Justin drive, San Francisco, and her son, Albert. Both received minor injuries.

At noon the same day John Fernquest, 188 Corbett ave., San Francisco, died of a heart attack while parked in front of King's market.

Since 1934, we've been expanding our system to bring telephone service to the Columbia Basin area.

When the Columbia Basin needed telephones

Making a desert blossom meant building a complete, new communications system

Twenty years ago, much of central Washington was sagebrush wasteland. Then came the Columbia Basin project with its plans for a huge dam and thousands of miles of irrigation canals. Right from the beginning, one of the important "tools" needed was telephone service. And we began, even before a yard of earth was moved, to create a new telephone system in the desert. We've invested hundreds of thousands of dollars to build the new facilities in the Columbia Basin . . . an investment which will mean much to the West and to the nation. For it is helping turn barren land into rich, food-producing farms.

Highway mobile telephones have been helping contractors and engineers build a network of canals over the vast area. In 1934, we put a private line circuit from Coulee Dam to Ephrata. Today the dam itself is webbed with miles and miles of telephone lines . . . a nerve system over which practically all operations are controlled. And throughout the Basin area we've been building huge amounts of telephone facilities to take care of its amazingly rapid growth. In Ephrata, for instance, three operators handled all calls in 1942. Today, although dial equipment handles local calls, 25 operators are needed. In Moses Lake, there were 66 telephones in 1935. Today there are more than 2000 . . . and the real growth still lies ahead. Eventually, irrigation water will reach more than a million acres. And we'll keep doing our best to see that the people who move there will have telephone service equal to that in other areas we serve here in the West.

Your telephone is one of today's best bargains

Throughout the West, the Columbia Basin telephone story has been told in hundreds of rapidly growing communities. And, fast as the West's growth has been, the telephone has grown at an even faster rate . . . twice as fast in the territory we serve. For at today's prices, the telephone is so economical more people can afford it . . . so useful, more people want it.

THE RECORD RECOMMENDS

As a reminder to you and your elected officials THE RECORD this week inaugurates a civic improvement "box score" dictated by public need.

The right hand column carries the number of days final action has been held up on these issues. We hope this guide will be instrumental in bringing about some of these needed reforms.

	Days Delayed
A coordinated civilian defense organization which would meet at least once a month to discuss disaster problems.	764
A Chamber of Commerce supported by local businessmen to improve the community.	119
Proper transportation facilities for Westlake and Daly City, preferably a privately operated line.	449
Recreation: Park for Westlake area; Completion of the Community Center building; Night lights for Marchbanks park.	289
An end to flagrant use of closed door caucus meetings to carry on the majority of the city's business.	1,458

Confusion To Greet November Voters

Confusion, plus, is going to greet the man at the polls this year.

In addition to the important task of selecting public officials, the conscientious voter will be faced with voting for or against twenty-three ballot propositions.

Whether we are confusing or aiding the voter, we herewith submit a list of the propositions that will be November's No. 1 headache.

1. A $100,000,000 bond issue to replenish the finances of the state veterans' home loan and farm purchase act.

2. An initiative to increase state support of the California public schools from $120 to $180 per pupil. In recent years local property taxpayers have been paying more and more of the school costs. This measure would return school financing to the fifty-fifty ratio between the state and local governments.

3. A referendum of a legislative act which seeks to exempt non-profit, private (principally parochial) schools from taxation.

4. Provides that state grants to needy blind cannot be considered as support for any of their spouses or other persons.

5. Would ban persons advocating unlawful overthrow of the government from holding public office, and would disqualify them from any tax exemptions.

6. Provides for public employees' loyalty oath.

7. Provides that a candidate's political party registration be shown on the primary election ballot.

8. Would exempt churches under construction from taxation.

9. Would exempt colleges under construction from taxation.

10. A measure sponsored by pension promoter George H. McLain to deny public funds to semi-private organizations.

11. Another McLain pension proposition similar to those submitted in the past. It adds free medical, dental, and funeral benefits for the aged and increases the pensions.

12. Provides that state constitutional officers could keep their offices while in the military service.

13. Would prohibit cross-filing on the ballot.

14. Removes constitutional restrictions on Chinese.

15. Deals with the taxation of insurance companies and banks.

16. Permits establishment of borough forms of government by municipalities.

17. Revises state chiropractic regulations.

18. Holds that a part of increased taxes due to added value of property where a redevelopment project is established shall be used toward paying off debts of the project.

19. Regulates grand juries.

20. Regulates granting of state funds for hospital construction.

21. Changes the rules for filling superior court bench vacancies.

22. Makes false statements of property ownership for tax purposes a perjury offense.

23. Gives blanket authority to the legislature for the assessment of all lands.

Something New In The Ranks

Inauguration of the commission as a governmental-advisory appendage to Daly City's body politic has proved to be a commendable move at this writing.

Already the Police Commission, little more than a month ago born, has proceeded with overt actions in the form of their plans to recommend to the council that a lieutenant be chosen from the police ranks to aid in coordinating actions of the force.

We understand that Roy Beecher, presently a sergeant on the force, is, to date, the only name being submitted for the new position.

Therefore THE RECORD finds complete accord with both the new position on the police force and the council's choice in filling this necessary position.

More Voices This Year

Even the most calloused observers of the American public and its voting habits must concede that this year John Q. Citizen seems to be rising off his hindquarters and getting out to have his say so.

Registration figures for the county, and Daly City as well, are predicted to reach a new all-time high. The forwarding of 20,000 affidavits of registration to the elections office in the short period of 10 days is ample enough evidence to substantiate this.

Cynics will be quick to point out that the reason for this is the rise in population, and will be quicker to add that the number of persons registered is no criteria when it comes to the actual count at the polls in November.

However, in light of the presidential contest which looms ahead, we will venture to say that this year the returns will reach an unprecedented high and Daly City, only a microcosm in the whole electoral picture in point of numbers, will have a louder voice than it has rendered in the past.

Fresh Air For Mr. Woods

"In Washington, I have learned one often becomes surrounded by a wall of dead air. I left Washington to see whether people like price controls—and whether they feel the current act has been improperly administered."

Thus spoke Tighe Woods, new head of the Office of Price Stabilization, on arrival last week in Fresno—Fresno being one of three "guinea pig" cities of the Nation selected in which to test out and get reactions to the latest in the interminable series of price control experiments.

When he met with groups directly affected by controls—chiefly grocers and housewives—Mr. Woods found the air fresh and blowing hard! Interest in the controls issue was lively, vigorously expressed, and for the most part angrily opposed to the program.

Grocers demanded to know why they should be obliged to continue the expensive and exasperating task of control bookkeeping and attendant details—when controls have failed to work in the past. One after another, housewives rose to ask Mr. Woods why inflation in living costs has run on just the same through late years—irrespective of whether controls were rigid, flexible or in abeyance.

The harassed official didn't have the answers. He did make the observation that if he finds that people everywhere are against controls, he will report that to Congress and recommend doing away with them.

That sounds promising—yet beleaguered businessmen and consumers are not likely to indulge in vain expectations. Whatever his own conclusions, once he gets back to Washington Mr. Woods will again be surrounded by that wall of dead air. The real hope of relief from controls lies in blowing away the dead air with a storm of public resentment.

The Torch Of Freedom

The other day a recently discharged Korean war veteran, E. A. Suggs Jr. of San Francisco, outlined what he felt to be the duties of citizens on the home front in a letter to a newspaper:

"To all Americans who have not yet actively taken up the torch for freedom, I suggest the following program: Volunteer for civilian defense. Buy bonds. Give blood for the Armed Forces. Take an active interest in electing the men who govern us—vote in November. Donate preconceived prejudices of race, creed or color to a museum of medieval superstitions. Boost America; don't let anyone sell her short."

Surely, coming from one of the thousands of young Americans who are living up to the highest duties that patriotism and citizenship can impose, that outline of home duties seems reasonable and moderate—and might well make many of us feel a bit ashamed of our civic sins of omission.

LETTERS TO THE EDITOR

The Record welcomes any letter on any event of public, or private interest. These letters are published at no expense to the writer. There are just two requirements: the letters must be signed, and must be within the laws of libel. We hope readers will show enough interest in their city to occasionally "sound off;" for the purpose of this column is to give you, the reader, a chance to express an opinion.

Native Of Daly City Appreciates Hearing News About Folks Back Home

Editor, The Record

Dear Sir:

A little note of appreciation with regards to your sending The Record to me. Being a true native of our city, I am truly interested in the events that occur, and the rapid increase and improvement of the city.

I receive the paper every week, and look forward to the sight of it very much. Being here in Massachusetts does not include having the hardships and disappointments of being in Korea and other sections of the world where war and hate fill the eyes of Americans, but it does include having the thought of people you like and love.

The Record brings the thought into actuality, and supplies me with information I could not otherwise receive. I hope this paper's kindness in sending us hometown news will be noticed by the people of Daly City, and will help in the unity and development that is so rapidly becoming a trend there.

Again thanking you for your kindness, I remain,

Sincerely,
Pfc. W. J. Drury
358th Comm. Recon. Co.
Ft. Devens, Mass.

Petitions For Re-routing No. 76 Bus Go To Mayor Paul Green's Office

(Ed. Note: The following is a letter sent to Mayor Paul Green, by Father Anthony F. Morrissey, regarding the rerouting of bus No. 76 to San Pedro Rd., Colma. More than 1000 names were included in the petitions. They have been sent to the Mayor's office.)

Honorable Mayor Green:

Attached, herewith, you will find signed petitions from parishioners of the Holy Angels Church, Colma, Calif., requesting the re-routing of Bus No. 76 to San Pedro Rd., Colma, Calif., in order to facilitate the transportation for the children attending the Holy Angels School.

We appreciate the inclusion of San Pedro Road in the proposed route as outlined in the Daly City Record as of the 4th inst.

Trusting, Honorable Mayor, that you will present this urgent matter at the next meeting of the Transportation Committee,

Sincerely yours,
Anthony F. Morrissey,
Pastor

AROUND THE AREA

Scandal In S.S.F.

South San Francisco Police Chief Louis Belloni announced last week that he has filed six charges including neglect of duty and drinking on duty against Officer Charles Johnson, 35, while a second policeman has been allowed to resign.

Charges were in connection with the action of Virginia Pendleton Holt, 31. of 464 Linden ave., San Bruno, in allegedly slashing her wrists the morning of Aug. 20.

Police Chief Belloni said in the charges that two officers, Johnson and Phillip Gardner, 31, had been present in the apartment at the time Mrs. Holt allegedly attempted to take her life.

According to official charges, Johnston and a rookie officer, Jack Jones, 27, while on duty had dropped in at the Town House, a cocktail lounge, located at 115 Grand ave., at 1:50 a.m. Aug. 20, while making their rounds.

On finding Mrs. Virginia Holt there Johnston, reportedly a close friend of hers, decided not to arrest the girl and escorted her to her car telling Jones to follow him in the police cruiser. Johnston then took her to her home in San Bruno. During the period from 1:50 a.m. until 8 a.m., the charges state, Johnston visited the San Bruno apartment twice more without consent of his superior officers.

R.W. City Annexation

Now under study by the city council of Redwood City is the annexation of two square miles of the Emerald Lake district. The proposal would add 10,000 citizens to Redwood City's present 30,000 population. City officials suggested that with all parties agreeing, a vote could be held on the question next January.

An Explanation

The South San Francisco school board has been asked by county labor leaders for an explanation of its school superintendent's attitude toward teacher unions.

Representatives of the South San Francisco Teachers Federation, Local 1119, AFL, recently appeared before the San Mateo County Central Labor council.

They charged school superintendent James C. Cherry with making a "bare faced attack upon the union with the intent to destroy the only teachers' organization in the community."

Walter R. Peterson, president of the local, and Doyne Lovelace, president elect, made the charges.

Modern Rubbish Disposal

Burlingame Mayor Andrew Byrd has called for a new rubbish disposal plan for the county.

Byrd criticized the present system, under which individual cities dump their rubbish into bay dumps and burn it.

He suggested the cities could establish a single dump where rubbish could be disposed of by the "fill and cover" method.

Red Cross Honors County Boy Scouts

In recognition of outstanding service to the San Mateo County and the Sequoia Chapters of the Red Cross, The American National Red Cross has presented the San Mateo County Council of Boy Scouts of America with ribbons to be given each troop which participated in the blood donor recruitment drive last spring.

Red Cross officials praised the work of the Scouts in collecting 1100 blood pledges for the Armed Forces and report that these pledges have been redeemed practically 100 per cent.

According to Ed Barrer, Scout executive, 100 units from all over the county participated. He said today that appropriate ceremonies would be observed when the ribbons are presented to the troops at a later date.

Cotton, rice, barley and hay account for approximately 75 per cent of California's total field crops.

CATFISH TAKEN

Many catfish have been taken on Lower Otay Lake in San Diego County lately, according to the National Automobile Club.

The PanAmerican Coffee Bureau has as its principal function the promotion of coffee consumption in the United States.

Intensify Drive To Assure Passage Of Proposition 2

Selection of county chairmen for every section of California this week intensified the drive to assure passage of Proposition 2, the measure to provide increased State support for public schools.

"Efforts will be made to acquaint every voter in every county of the State between now and the November 4 election day of the vital need of this non-partisan measure," said Dr. Rex H. Turner, general chairman of the State Committee for Proposition 2.

"Parents and voters generally should be fully informed of the urgency of Proposition 2 for the future of our schoolchildren," stressed Dr. Turner. "Unless we tell the voters, they can hardly be expected to know all the merits of the measure, crowded as it is among so many other proposals on this long presidential ballot.

"Proposition 2 would relieve the over-burdened local taxpayer and homeowner and restore the State's original responsibility for 55 per cent of the cost of operating our schools. Lately, due to the drop in dollar value the vast population influx and the increased birthrate, many local districts have had to pay 60 per cent and the State only 40 per cent," explained Dr. Turner.

"Both Democrats and Republicans—as well as representative groups in industry, labor, veterans and many other fields—are on record that increased State aid, as provided in Proposition 2, is the only real, considered solution."

STEELHEAD FISHING

Steelhead fishing has been a little better during the past few days along the Sacramento River in the Butte County area, according to the National Automobile Club.

George Washington Bridge at New York City is a suspension type completed in 1931, and has a channel span of 3500 feet.

S. M. County Heart Association Begins Work Simplification Classes For Cardiacs

A pioneering course in the Bay Area on "Work Simplification in Home Making" was inaugurated Tuesday when the first class took place at 10:30 a.m. in the San Mateo City Council Chambers.

Under ausnices of the San Mateo County Heart Association, the course will continue each Tuesday morning through November 4 at the same location, it was announced today by Dr. Richard F. McLaughlin, president of the local organization which was established in 1950 to educate the public in the field of prevention and control of heart disease.

Chairman of the committee arranging the "Heart of the Home" course—as it is popularly called—is Mrs. Wm. S. Boyd of Hillsborough assisted by Mrs. Kenneth Kilpatrick of Hillsborough, her co-chairman.

The eight-session course will be conducted by Mrs. Evelyn March, a home economist for 12 years associated with the agricultural extension service of the University of California.

Believed to be the first of its kind in Northern California, the local course is modeled after a similar one first given in New York in 1948.

A "Heart Kitchen" was then constructed according to the carefully worked out plans of a voluntary subcommittee of the New York Heart Association's Committe on Cardiovascular Diseases in Industry. The subcommittee was headed by Dr. Lillian Gilbreth, consulting engineer, and included authorities in industrial and management engineering, home economics, family relations, psychiatry, physical therapy, physiology, rehabilitation and architecture.

"The aim of the course," explained Dr. McLaughlin, "is to encourage the homemaker to apply in her own kitchen and to inform visiting nurses, teachers in home economics and social workers the principles of time-and-energy saving which developed out of the New York program and similar courses.

"However, the course has been mainly written and planned and will be taught for the benefit of the cardiac homemaker," Dr. McLaughlin said. "Her questions and problems will offer a rich background for future planning and teaching. This is her course. The instructor will consult with teachers and nurses after classes, while special consultation service will be given each patient after class."

The course of study has been approved by the "Heart of the Home" program of the American Heart Association.

Patients who wish to enroll for the course must be referred by their own physicians.

Further information may be obtained at the San Mateo County Heart Association, 231 Second avenue, San Mateo, DIamond 4-8679.

Foreign Trade Parley Slated

Foreign trade represents a real opportunity for Pacific Coast business and financial leaders, and while many Western firms already are active in the field, others have shunned it for lack of complete understanding of overseas international developments.

How to go about getting some of this foreign business will be discussed by the Pacific Coast Conference on Private Investment and International Economic Development, which meets at the Fairmont Hotel here Sept. 24-25 it was announced this week.

The conference will offer down to earth, practical guides for putting investment capital to work under the nation's International Development Program. Engineers and financial leaders from all parts of the nation, as well as California, will be on hand to tell how the program operates and what opportunities it presents.

The conference is occasioned by the fact that, concurrently, the International Development Advisory Board will be holding its first meeting outside Washington, in San Francisco.

Ridgely Cummings . . . HOLLYWOOD

On May 6th, 1895, a baby boy was born in the town of Castellaneta, Italy. He was given the imposing name of Rodolpho Alfonza Raffaelo Pierre Guglielmi de Valentini d'Antonguolla.

The baby nursed and grew. He began to toddle and then to walk and run, playing about the streets of Castellaneta. At least I assume he did for that was the expected and natural course of events and history does not tell us differently.

The boy became an exceptionally handsome youth, with luminous eyes and regular features. He was educated at the Dante Alighieri College and the Royal Academy of Agriculture. When he was 18, in 1913, he came to the United States.

He began his career in this country as a dancer. He joined a musical comedy company which left him stranded in San Francisco. He went south to Hollywood. He married twice, first to Jean Acker and later to Winifred Hudnut, better known as Natacha Rambova.

Thirteen years after his arrival from Italy, on August 23, 1926, he died and the pulse-beat of the world stopped momentarily to note his passing.

Heavy black headlines proclaimed his end. Traffic was halted on Broadway as weeping thousands rioted to see his mortal remains laid out in state. Literally millions of women mourned the loss of a phantom lover who to many of them was the epitome of romance, an ideal and a substitute for their harassed husbands and boy friends who were too busy chasing the dollar to acquire his charm and savoir faire, his polish and courtesy, his genuine intuitive feeling for the niceities so appreciated by the opposite sex.

The dead man was known throughout the civilized world, wherever magic shadows flickered on theatre screens, as Rudolph Valentino.

One day last week I was in the vicinity of RKO studios, wearing a beret and riding in a little open car known as an MG, my long legs stretched out in the narrow space on the left-hand or passenger side. The driver asked me if I had ever seen Valentino's tomb. I said no, but that I'd like to.

He whirled the steering wheel of the little car, which was more like a toy than an automobile, and we spun on a dime. We entered the gates of Hollywood Memorial Cemetery.

"I thought he was buried in Forest Lawn," I said.

"No he's right here," said my companion. "You'll be surprised."

He pulled up and parked in front of a large, one-story building labelled Hollywood Memorial Park Cathedral Mausoleum. We took off our berets, stuffed them in the side pockets of the car, and entered the bronze gates of the edifice.

Despite the sun streaming through stained glass windows it was an oppressive, spooky sort of place. There were row after row of elaborate crematory urns and tier after tier of marble vaults. The air was heavy with the stale smell of wilted flowers. Our footsteps echoed on the stone floor. No one else was in sight.

"It's down this way," said my companion, turning to the left down a narrow corridor of vaults. He counted three aisles as we passed and at the fourth turned right.

"It's somewhere down there, near the window," he said.

The stained glass window consisted of a mountain scene in greens, blues and browns, with the blues predominating. On both sides were solid walls of marble vaults.

Finally we located the right one. It was fourth from the ceiling. On a simple bronze plaque, a foot and a half wide by eight inches deep, was the bare inscription:

Rodolfo Guglielmi Valentino
1895-1926

I looked in silence for several minutes, then took out a notebook and began writing.

"What are you doing?" my friend asked.

"Copying the inscription" I said. "It's hard to believe that he's here like this, among all these others, just one of thousands. I always thought he had a huge shrine somewhere."

"His shrine is in the film rauseums. Did you see him as Julio in "The Four Horsemen?"

"Yes. And in 'The Sheik' and 'Blood and Sand' too. But let me write down the rest of the details."

I did. In the row above him lie Willis M. Dunning, Jr., Mattie E. Dunning and William A. Difther. Below him rests William D. Mathis. Alongside his plaque were two small, bronze flower holders in which drooped half a dozen faded flowers. My companion said they were zinnias.

On the plaque itself were two small bare spots about as big as half dollars. On them tourists had scratched initials and dates. The topmost decipherable date was 1939.

"Nobody has written on there for a long time," I said.

"People have more sense nowadays," my friend replied. "Let's get out of here. I need fresh air."

Outside we stopped an attendant.

"Do many people still come to visit Valentino's grave?" I asked.

"I don't think so but I don't know. I work outside. Have you seen the Doug Fairbanks memorial?"

"No. Where is it?"

He showed us. It was more like what I expected for a movie star, the size of a tennis court as compared with Valentino's four square feet. A long narrow artificial lagoon filled with lily pads led to a white tomb in front of a marble arch. On the arch was a bronze wreath and a metallic silhouette in profile of the actor, together with the words: Douglas Fairbanks, 1883-1939.

The sun sparkled on the water of the lagoon, the grass was green and well-clipped and the atmosphere, although solemn, was not unpleasing.

"A lot of people come to see this," said the attendant. "He was better known than Valentino."

"No," said my friend. "He wasn't better known. He just lived longer."

"It amounts to the same thing" said the attendant.

"As a matter of fact it doesn't," I said. "It's a question of intensity. Doug lived pretty intensely too but Valentino crowded a full lifetime into 31 years. He had two beautiful wives and made a dozen great pictures, ones like "Monsieur Beaucaire," "The Young Rajah," "The Sainted Devil" and—

"I don't go to many movies," cut in the attendant. "But if you want to see the most expensive tomb in the place, stop on your way out at the Clark Memorial."

"Who was he?"

"William Andrew Clark, Jr. Some kind of a Congressman, I think. His monument cost a million dollars. His survivors won't let us touch it. They send special workers in to keep it in shape."

We looked at the Clark Memorial, which was cold and impressive, and my friend said he would rather see the million dollars spent on a playground or a school. I agreed. As we drove away he asked:

"How come you knew the names of those Valentino films?"

"I read a book about him once. He was a landscape gardener before he became a dancer. His first pictures were "Moran of the Lady Letty" and "Camille." I went to a film museum in New York once to see them but it was the wrong day."

"This is a wrong day, too," said my companion. "I've always admired Valentino and I come here every couple of months, whenever I get feeling too big for my britches. It takes me down a little. But today we stayed too long. Let's stop off for a drink."

"Okay, but make it someplace where I can get a malted milk."

"You'll never get anywhere in Hollywood drinking malted milks," he said. "Can you imagine Rudolph Valentino drinking stuff like that?"

"No," I admitted. "But if he had, he'd have lasted longer."

Church News

Revival Services Scheduled Soon At Local Church

Revival services are being held nightly, except Saturday, at 7:45 p.m. at the Grace Church of the Nazarene, 101 Vista Grande avenue, Daly City, with Reverend Martin Leih as the evangelist.

Rev. Leih is a native of Holland, but came to the United States as a young man. He has pastored several churches, among them the Church of the Nazarene in Monrovia, California.

The services will continue through Sunday, September 28.

The Sunday school of the church meets each Sunday morning at 9:45 with Mr. Taylor Lovelace as the superintendent. The morning preaching service is at 11:00, and Rev. Leih will be speaking then. The young people have a service at 7 p.m. with Mrs. Lillian Webb as the president of the group. This is followed at 7:45 p.m. with the evening service.

The pastor, Rev. Carlos L. Stepp, Jr., extends a cordial invitation to everyone to attend the revival services as well as the regular Sunday services.

House Owner To Enter Plea Here Next Week

L. V. Roberts, who has been charged with maintaining a public nuisance in the form of his property at 96 Mission Circle, Daly City, appeared in Judge William J. Sweeney's Justice court Wednesday and asked to be given another week to make his plea.

Roberts, who resides at 765 Ellis street, San Francisco, intends to seek counsel to go over the many complaints filed against him in the past months for not abandoning the Mission Circle residence.

Traffic Safety Commission Has New Slogan

"Children Should Be Seen, and Not Hurt," is the slogan adopted by the San Mateo County Traffic Safety Commission for the September safety program during which time Child Safety will be stressed.

"With the reopening of school this month, more children will be on the streets," reminded Henry Venturi, Commission Chairman. "This means more chances of their being injured and killed by motor vehicles . . . UNLESS . . . every motorist appoints himself a committee of one to protect our children."

Venturi said the first step in this direction is for motorists to realize they can't expect adult reactions from children, and that we adults must "watch for them, think for them, protect them."

He warned motorists to be on the look-out for children at all times and to slow down when driving in residential districts or near schools, playgrounds or vacant lots. He especially cautioned drivers to keep a sharp eye out for moving children—children running, on roller skates, in coaster wagons, or on tricycles and scooters — children playing on curbs, in alleys, and between parked cars.

"Children trust you Mr. Motorists," Venturi asserted. "Don't strike them down."

CATHOLIC MASS SCHEDULES FOR SUNDAY

Our Lady of Perpetual Help Church, 60 Wellington avenue.

Sunday, 6:30 a.m. — Mass.
Sunday, 8 a.m. — Mass.
Sunday, 9 a.m. — Mass.
Sunday, 10:30 a.m. — Mass.
Sunday, 12:15 p.m. — Mass.
Tuesday, 8. p.m. — Devotions.

Holy Angels Church, Colma.

Sunday, 7 a.m. — Mass.
Sunday, 8 a.m. — Mass.
Sunday, 9 a.m. — Mass.
Sunday, 10 a.m. — Mass.
Sunday, 11 a.m. — Mass.
Sunday, 12:15 p.m. — Mass.
Tuesday, 7:30 p.m. — Perpetual Novena.

Grace Church Group To Meet

First regular fall meeting of the Women's Council of the Grace Presbyterian church will be held Thursday, September 25, it was announced today.

The meeting begins at 11:30 a.m. with an executive conclave, followed at 12:30 p.m. by a luncheon. The noon meal will be under the direction of Circle No. 5, lead by Mrs. William Hassett.

Then, at 1:30 p.m., a special program will be presented. Guest speaker will be Mrs. John Genso, recently of Seoul, Korea. Mrs. Genso was evacuated just before the last Communist invasion of the Korean capital.

All those interested in hearing the guest speaker are cordially invited to attend.

Former Publisher Takes Charge Of Eisenhower Drive

Bert Nelson, former publisher of the San Bruno Herald, is in charge of Eisenhower-Nixon organization in the north end of the county, central headquarters in San Mateo announced today.

Working out of Eisenhower-Nixon Committee headquarters, Nelson is in charge of setting up

headquarters in each community, manning them with volunteer help, distribution of campaign material, and publicity for the area. He will work with the Eisenhower-Nixon-Younger committees which are taking shape rapidly throughout the north end.

Headquarters already have been established in the Brentwood district of South San Francisco and in San Bruno. Quarters will be opened soon in downtown South San Francisco and Daly City.

Nelson will also assist Wilbur Bishop, campaign director for the Eisenhower Nixon campaign. Bishop and Nelson, who now resides at 524 El Camino, are partners in Bishnel Enterprises, peninsula advertising and public relations firm. They are also publishers of the Kelso, Washington, Kelsonian-Tribune.

Visitors Invited To Military Open House

An "open house" outdoors will be held Sunday from 1 to 4 p.m. near Palo-Mar Stables, just off Skyline Blvd.

On view will be a 120 millimeter heavy anti-aircraft gun, the largest mobile anti-aircraft weapon in the country.

Occasion Sunday is the 28th anniversary of Battery A, Ninth AAA gun battalion. All the array will be in position Sunday and visitors will be welcomed and shown their way around the defense installation.

Signs will be posted near the installation to aid those interested in reaching the area.

Lutheran Church Plans Family Night

The Lutheran Church of Our Savior will hold its first fall family night Friday, Sept. 26, at 6 p.m. All families and friends of church members are invited to attend the affair, to be held at the church.

Those attending will bring a pot-luck supper. The Steve Gaals are family hosts for the family night.

Coming services are: Divine Worship Services, Sunday, 8:30 and 11 a.m.; Sunday school and Bible classes, 9:45 a.m. Sundays.

The junior and senior choirs are back in session after the summer vacation, the juniors meeting on Fridays at 4 p.m., while the senior group meets Thursdays at 7:30 p.m.

Friends are invited to phone JU. 4-8501 or JU. 4-0293 to contact the Rev. Robert G. Konzelman, who will give information on the Lutheran church.

Pastor Eggert Lists Baptist Activities

Pastor Richard E. Eggert of Winston Manor Community Baptist church this week announced the following schedule of his church's services and activities for the coming week:

Sunday, Sept. 21, 9:45., Bible school for all ages, including an adult bible class; 11 a.m., morning worship service. Sermon topic: "If God Permit," by the pastor. Nursery facilities available during this service; 7:30 p.m., evening fellowship hour. Mr. E. M. Kenalyan will resume his teaching ministry. His theme will be an espository presentation entitled "Thinking Through the Bible."

Wednesday, Sept. 24, 8 p.m., mid-week prayer and praise service.

Thursday, Sept. 25, 8 p.m., men's brotherhood. Meeting in the home of Ken Morris, 219 Verane drive in Buri Buri, South San Francisco.

All services for the Winston Manor Community Baptist church are held in the Noble and San Francisco chapels of the Cypress Lawn Memorial park. Direction signs are placed each Sunday for the guidance of those attending.

Tormey Denies Adult Classes Run At A Profit

Charges by the California Senate Interim Committee on adult education that adult education classes were run as "profit" makers by local districts, were confuted today by County Superintendent of Schools James R. Tormey.

Tormey said "at least as far as adult education in San Mateo County is concerned the charges of profit producing adult classes is untrue. Even utilizing only operative costs and making no provision for district administrators' overhead, of the five high school districts and the junior college district offering adult classes in San Mateo County all but one had to use local tax money to support the program. The one district which had an apparent profit of $13.77 per unit had less than three units of attendance."

In releasing information on the current expense of adult education in San Mateo County schools Tormey pointed out that the local tax money contributed to the local program ran from $49.60 per unit of attendance to as high as $208.02. The lowest state contribution was $91.00, the highest $268.44, while costs by individual districts ran from $127.79 (including no administrators' overhead) to $308.02, the latter figure including pro-rated district overhead.

Tormey further pointed out that the adult education program total is 1,282 units of A.D.A. in comparison with 45,592 units of attendance for the total school program of the county in 1951-52 and that the adult costs to the schools of the county were only 2.8% in the total operational cost of the public schools of the county for the last year, and that the one district showing a theoretical "profit" produced less than ¼ of 1% of the total adult program.

LIGHT UP AND BE SEEN

The light tans and similar colors of today's automobiles often blend with tawny hills and other background colors of the countryside. For this reason some motorists turn on their lights to assure being seen by opposing traffic when pulling out to pass, reports the California State Automobile Association. Be sure you have sufficient distance in which to pass safely.

"CALL ME JOE, AND THIS IS ROY," says Joe (far left) who runs one of the most popular grocery stores in town, County Line Market, 6000 Mission street. During the past 30 years Joe has been giving local residents quality food and meats and excellent service. The man behind the mustache has been around some time, too, but not quite 30 years.

Westlake Cubs Plan Park Outing Over The Weekend

Highlight of this week in scouting for Westlake will be the outing of Cub Pack No. 248 at Portola State park over the weekend.

All cubs and their parents are invited to participate in the affair which officially gets underway Friday evening, Harry Bosbery announced.

Plans for the outing were made at the first fall meeting of the pack last Monday evening. This meeting was attended by 23 boys and 52 parents, and was notable for the amount of interest shown by both the boys and parents.

Cubmaster Jack Moore was chosen to lead the Pack for the year, and will be assisted by John Sire and George Chernock with A. J. Dunan named Commissioner of Scouting.

New den mothers include Mesdames: Zena Lieberman, Sylvia Silberstein, Marge Wilson, Dalma Sebastiani. Mrs. Fred Kruze and Mrs. Charles Laurie were given a vote of thanks for their part as den mothers over the past summer.

Den Mothers

Assistant den mothers named were Helen LaRue and Rose Moore.

George Bazzani was chosen treasurer.

Awards given to cubs included: John Farber, gold arrow; Harold Hutchmacher, wolf and gold arrow; David Bosbery, silver arrow; Richard Ellis, lion and bear.

It was decided also that future meetings of the pack will be held the third Friday of every month at 7:30 p.m. This will allow children on double sessions to get plenty of sleep, otherwise lost at the Monday evening meetings, Bosbery explained.

All Westlake residents were reminded that the rag and paper drive of the scouts will be held October 4. Everyone is asked to cooperate by leaving rags and papers in front of their homes on the morning of the drive.

Elementary Teachers Express Spirit Of Cooperation In Letter

The Jefferson Federation of Elementary Teachers No. 1164 last week expressed their attitude toward the Jefferson Elementary School district board of trustees in a letter forwarded to THE RECORD for publication. It read:

"Gentlemen: Our local teachers' unit, affiliate of the American Federation of Teachers, wishes to offer our cooperation to the Board, the Administration, and the people of the community.

"Our purpose is to continue to work with you toward an ever improving school system.

"Public education is undergoing attacks from many sources. We believe that the strongest defense we can make involves the closest association possible between ourselves and the groups from which the majority of the public school children in America derive: labor.

Most respectfully yours,
Mrs. Otha Kinsey, President
Mrs. Jane Watson, Secretary."

BATTERY TIP

New automobile batteries require expert attention even before they are installed for use. The California State Automobile Association points out that new batteries stored for long periods of time without proper care may not give service comparable with batteries which have been cared for properly in storage.

Juvenile Problems Chief Topic Of Discussion At Coming PTA Meet

Juvenile problems will receive detailed attention at the first fall meeting of 17th District California Congress of Parents and Teachers, Thursday, September 25, at 9:30 a.m., in Burlingame High School auditorium, Carolan and Oak Grove Aves., Burlingame.

A panel of experts in their fields, composed of Dr. Oliver Byrd of Stanford University, Louis B. Dematteis, district attorney for San Mateo County, and Mrs. Linden Stark, 17th district Juvenile Protection chairman, will answer questions directed by Mrs. Gregory Davis, district director of Public Welfare.

Sessions

In the afternoon session, Mrs. Lester F. Nettle, legislative chairman, will report on the Congress' non-partisan role in the coming election.

Ceremonies will open with the singing of the Star Spangled Banner by concert singer Donna D. Walker, (Mrs. Clay M.), of Millbrae.

Mrs. Walker, a mezzo-soprano, has done extensive concert work in the Pacific northwest and, in addition to her present duties at Matthew Episcopal Church in San Mateo, has sung for the past three years with the San Francisco Opera.

In session Monday, September 15, district executive board heard President Mrs. Harry Caplan report on state board PTA's stand on the current investigation of Adult Education programs.

Interest

Primary interest of the Congress includes pre-school study programs, homemaking and related subjects, and registered courses such as folk dancing and upholstering in beginning and in intermediate phases.

Upholding the investigation in its aim for economy in spending of public funds, the Congress distinguishes between registered "learners" classes and those which, as advanced groups, may be classified as recreation.

Quoting Helen Keller: "There is no lovelier way to thank God for your sight than to give a helping hand to someone in the dark," Mrs. G. G. Ashwell, district chairman for Sight Saving and the Blind, announced that weekly classes in Braille transcription will be given from 3:00 to 5:00 p.m. at Lawrence School in San Mateo, beginning Monday, September 22. Enrollees interested in helping the blind are requested to attend.

OBITUARY

Mrs. Kirchhubel

Funeral services were held from the W. C. Lasswell & Co. chapel September 13 for Mrs. Magdalena Kirchhubel, pioneer Daly City woman.

Mrs. Kirchhubel, who resided at 308 Vista Grande, died Thursday, September 11, at Junipero Serra hospital. She had lived in Daly City for over 25 years.

She was the wife of the late Bruno Kirchhubel; mother of Fred and George Kirchhubel, Mrs. Felicipaf Equi and Mrs. Katherine Piscitelli; sister of Ludwig Keller and the late Mrs. Susanna Eveking. There are seven grandchildren and three great grandchildren.

Interment was at Cypress Lawn cemetery.

Early Portuguese navigators gave the name "Sargossa Sea" to a portion of the central Atlantic Ocean which is characterized by a dense concentration of weeds.

Navy Offers Fine Opportunity

Young men of today between the ages of 17 and 31, who can qualify for enlistment in the U.S. Navy, will be given greater opportunities than ever before in fields that they have chosen and have qualified, announced the Navy Recruiting Office, Post Office Building in San Mateo.

Aptitude Tests are given during Recruit Training to the men to determine what they are best fitted for and be assured of training in that line, followed up by instruction in schools and on the job training in the profession that he has chosen.

For example, there are primary and advance schools in the fields of electronics, radar, sonar, radio, mechanics, electricity, dentistry, disbursing and clerical to name only a few.

This is the opportunity of a life time for young men interested.

For complete information on job opportunities and training for a career in the Navy, telephone DI 4-2781 or visit your local Navy Recruiter.

Younger Calls For Efficiency In Government

"Government, like business, needs practical businessmen if it is to be managed efficiently, economically, and with the best use of the taxpayer's money," stated Dan Minto, chairman of the "Younger for Congress" campaign committee, speaking at the initial meeting of the campaign executive committee held this week in Burlingame to map plans for the election of Arthur Younger, San Mateo County's Republican candidate for Congress.

In addressing the group, Minto emphasized the importance of an honest, straight-forward campaign in behalf of Younger. "I feel that Younger's assets, including his long business experience, his reputation for integrity, and his knowledge of governmental affairs should convince the people of San Mateo County that he is the right man for the job of representing the 9th Congressional District in Washington," Minto declared.

The chairman added that Younger's positive political platform, in which he urges a return to moral principles in government, efficient management of the national budget, greater economy in governmental expenditures, and intensified efforts for peace should bring whole-hearted support from the voters of San Mateo County.

Socialist Labor Party Candidate To Speak

Eric Hass, socialist Labor Party candidate for president, will speak on questions of the hour tomorrow night at 8 p.m. in San Francisco's Whitcomb Hotel.

Hass will endeavor to give answers to the following questions: How can World War III be prevented? How can abundance for all be achieved? How can we attain full freedom and equality?

Sunday afternoon at 3 p.m. Hass will make a speaking appearance at Ebell hall, 1440 Harrison street, Oakland. No admission will be charged at either of the two gatherings.

Model Home For San Francisco Show

"Leisure House," a model home especially designed for Western families, will be constructed on the stage of San Francisco's Civic Auditorium as a central theme of the forthcoming Western Living and Home Exposition, it was announced this week.

The exposition will combine all the exhibits of previous electric shows and home and garden exhibitions, sponsors said. Radio, television, air conditioning, heating, plumbing and hardware will be demonstrated during the exposition which will be open from 2 to 10 p.m. daily commencing Sept. 27. The show will end Oct. 5.

A revolutionary new loom, which weaves wood like cotton or wool will be shown to the public for the first time during the show.

Wage-Hour Division Salary Stabilization Will End October 1

The U. S. Department of Labor's Wage and Hour and Public Contracts Divisions in San Francisco will cease all activities for the Salary Stabilization Board on October on October 1, it was announced by C. O. Atchinson, Field Office Supervisor for the Divisions in Northern California.

"Employers seeking solutions to their salary stabilization problems will have to contact the regional headquarters of the Salary Stabilization Board in San Francisco," he said at his office, 528 Flood building, 870 Market street.

"Copies of regulations, orders, forms and interpretations issued by the board and heretofore available from the Wage-Hour offices must be obtained from the board after October 1. The Wage-Hour Division supplied employers with information and general advice but did not accept petitions."

Local Club Holds Meet

The monthly luncheon of the "Friendly Twelve" was held September 11, at the home of Frances Haussler in Belmont.

After the luncheon and meeting all present enjoyed a game of "cooties." Next meeting will be held at the home of Edna Mullen.

there's more to
Going Pullman
than a good night's sleep!

Ever stop to think why train travel—and especially S. P. Pullman travel—is such a restful, relaxing and satisfying way of going places? Actually there are lots of reasons—some big, some small. Mostly it's because everything is done so smoothly and unobtrusively for your comfort and pleasure.

What other mode of travel gives you all this? Full-length beds with full-size sheets and blankets; a private room of your own, if you wish, with its own private lavatory facilities; air-cooling and air-conditioning; a friendly porter to give you prompt and attentive service day or night; complimentary shoe shines; ice water at your finger tips; delicious Dining Car meals, courteously served; a Lounge Car for refreshing beverages, magazines, newspapers and congenial traveling companions.

For overnight or longer trips—whether along the Coast or to the East—Southern Pacific streamliners provide the very finest of modern Pullman accommodations. Try them for *your* next trip. They are the last word in luxury travel.

THERE'S MORE TO S. P., TOO! S. P. is a road to remember for your freight shipments. We have more miles of lines serving more Western cities and towns than any other railroad. For fast, efficient, dependable freight service — whether carload or l.c.l. — call our nearest agent.

Village Notes

By
MRS. MARK SWOVERLAND
PLaza 5-4158

Hi there! Now that school has started, everyone has settled down to the little duties around home.

COLMA

Mr. and Mrs. H. J. Sunderman and children Chucky and Barbara Jean have returned home after a two weeks vacation.

Joey Hopper, son of Mr. and Mrs. Jerry Hopper, celebrated his eighth birthday with a party on August 29. Those present were: Albert and Donna Bertucci, Angelo Turo, Valerie Arata, Russel Holbert and Jimmie Bertucci.

Mr. and Mrs. John Denham and children have just returned from a vacation at Clear Lake

June Newman and children have returned from a vacation in Washington visiting relatives.

The Cub Scouts of Pack 84 and families had a picnic Sunday at Flood Park. There were around one hundred present. Games were played and prizes won, and a good time was had by all.

STONEYFORD

Mr. and Mrs. Harold Stanard are the guests of Mr. and Mrs. Harold Blank. Mrs. Stanard is the mother of Mrs. Blank. They are here from San Antonio to atten dthe American Bar Association convention.

SWEETWOOD

Lisa Hollenbeck, daughter of Mr. and Mrs. Harold Hollenbeck, celebrated her third birthday last Wednesday with a party. Those present were brother Bobby, Kathy and Eddie Edminson, Craig Bradshaw, Judith Zeige, and Gary Kingman.

MIDWAY

Mr. and Mrs. Gordon Stewart, Audie and Joan have just returned from a three weeks vacation at Lake Tahoe and Southern California.

Joan Morton and Pat Mattson were hostesses at a bridal shower for their brother's fiancee, Navannen Pettersen on Friday evening. Those present included Mrs. Mel Pettersen, Arlene Pettersen, Jessie Stone, Avone Jacobs, Jo Morton, Anne Morton, Mickey Mattson, Kay Mattson, Lois Gallagher, Olive Mattson, Mrs. Hilda Erickson, Mrs. Mary Furness, Mrs. Anna Harklin, Nan Adamson, Mary Adamson, Edna Furness, Grace Furness and Beverly Furness.

Large Attendance At Recent Shower

Many friends and relatives were in attendance at a recent baby shower given by Mrs. Mary Conti for her daughter in law, Emily Camillo, at the Masonic Hall.

The tables were decorated with blue and white crepe paper and candy baskets of blue and pink, shaped as bassinets, adorned the setting. The decorations were done by Mrs. Conti.

Many gifts were bestowed upon the expectant mother during the evening. Cakes were supplied by Marie Gehrig and Florence Owen.

Guests were: Mrs. Emily Wilson, mother of Mrs. Camillo, Marge Littiere and Christina Littiere, sister-in-law to Mrs. Camillo, and Lucy Montalbano, sister, Mrs. H. H. Smith, Jr., Mrs. H. H. Smith, Sr., Margie Johnson, Angelina Tudoni, Louise Tudoni, Mrs. L. Tominik, Mrs. D. Coca, Mrs. F. D'Elia, Mrs. Ida Montalbano, Josephine Conti, Mrs. Madelina Fellows, Mrs. J. McKeown, Eleanor Cochran, Rose Tudoni, Bonnie Ellenwood, Mary Rudd, Lorraine Schneider, Mable Compani, Anna Conti.

Mrs. Raphella Lenconi, Elizabeth Sorensen, Frances Montalbano, Louise Crudo, Mrs. Lillian Faber, Lena Connolly, Mrs. E. Sandberg, Mary Compani, Rita Fagan, Mrs. Harry Davidson, sister, Mrs. Marcella Tudoni, Ann Duroni, Marie Gehrig, Mrs. Lena Dardini, Louise Williams, Mrs. Anita Nunes, Mrs. Josephine Valente, Rita Lefler, Florence Sherman, Florence Irwin, Josephine Crudo and Alice Foulks.

THE $150,000 "STAR OF HAWAII" diamond which is being shown each afternoon and evening at the Peninsula Home Show, Fiesta Bldg., San Mateo, is examined by Juana Rathburn and Betty Herr, Stanford students. Once owned by an Hawaiian queen, the high-priced stone will make its last appearance at the home show this Sunday evening.

Peninsula Home Show Closes This Sunday Evening

With a large turnout in prospect for this weekend, the Peninsula Home Show at the Fiesta Bldg., San Mateo, will close this Sunday evening with an anticipated total attendance figure of 45,000.

Local residents have acclaimed this year's show the most interesting ever offered here. With more than 150 exhibitors presenting the very latest in new indoor and outdoor home products ideas, the show has played to capacity audiences each day.

Such special features as the fabulous $150,000 "Star of Hawaii" diamond have captured the fancy of many show attendees. The sparkling stone is exhibited each afternoon and evening for one hour.

The toyland display which occupies an entire section of the vast fiesta building has been a pleasurable and exciting experience for the youngsters. The giant Panda bear more than six feet high is one of the standout features of the toyland exhibit.

Last Saturday evening saw the crowning of Jean Harris, Redwood City college student, as queen of the home show. Her two attendants, selected by popular applause were Jackie Figone, Burlingame High School student and Marcia Feinberg, South San Francisco housewife and mother of five youngsters.

The new home products show which is a twice daily feature presents the very latest in home ideas from the big indoor fiesta stage.

This Saturday evening will see the five finalists in the home show "pastry derby" compete in a cake baking elimination on the home show stage. The contestants will prepare and bake their cakes in five identical ranges set up on the stage. The winner will be awarded a new gas range.

Show hours are from 2 p.m. to 10 p.m. Admission is 50 cents with children free. There is no car parking charge.

ARMOUR & COMPANY SALESMEN and their wives at the Castle Harbour Hotel in Bermuda include Mr. and Mrs. Emmanuel Demarest of 791 South Mayfair, Daly City, who won the trip through a recent nationwide Armour & Company sales contest.

Seventeenth District CCPT To Hold Parent Education Workshop Sept. 22

The Parent Education Workshop for the Seventeenth District California Congress of Parents and Teachers will be held at 9:15 a.m. Monday, September 22, at the YMCA building, 240 N. El Camino, San Mateo. All interested Parent-Education chairmen in neighboring districts are invited to attend and participate in the discussion. In view of the large attendance in previous years, arrangements have been made to conduct a program of special interest to the chairmen from elementary schools in the morning session. The afternoon meeting, commencing at 1 p.m. will be devoted to representatives from the junior high and high schools.

A new play "And You Never Know" will be presented for the first time on the peninsula by Robert Brauns and his Peninsula Little Theatre cast. Written by Nora Stirling, this play is a sequel to the popular "Temperate Zone" series used so extensively and enthusiastically by parent-teacher groups last year. The story tells of a Saturday morning crisis which puts the spotlight on a 12 year old's jealousy of a brighter and more attractive younger sister. In the course of the action, the mother and father get a clearer understanding of the daughter's emotional situation and also a better insight into their own relationship.

Following the play there will be a short break for refreshments after which small discussion groups will be formed. Mrs. Dorothy Westby-Gibson, director of Family Life Education Service of San Francisco, Miss Elizabeth Sousa, psychiatric consultant, San Mateo School Board and Mrs. Edward J. Foley, District parent-education chairman will lead the various groups.

The high-light of the afternoon session will be a film, "Farewell to Childhood," produced by the Mental Health Film Board. This picture tells the story of a normal teen-age girl and the problems she encounters with her parents as she struggles for the privileges of adulthood while not yet understanding how to cope with those same priviledges.

WHO DRAINS GAS TANKS?

How many car owners ever think of draining the gasoline tank of their cars? Not many, points out the National Automobile Club. Yet this practice is urged by service experts as a wise course from time to time. A lot of the sediment that gets into the fuel line, especially when gas supply is low, can be removed by periodic draining.

CATFISH TAKEN

Good catches of catfish have been taken during the past week along the Kings River in Fresno County, reports the National Automobile Club.

Calico Clickers Slate Party

The Calico Clickers, folk dance club, sponsored by the Daly City recreation club are planning a folk dance party Saturday, September 20, commencing at 8:30 p.m. at Castle hall, 7339 Mission street.

This will be the first party since school started so the theme will be "School Days," with programs and decorations designed to carry out this idea.

Those serving on the committee include: Ruby and Joe Noyes, Evelyn and Bud Penzel, Pat and Tony Formosa, Cecil and Al Saarinen.

All folk dancers are invited to attend.

SMJC Women Students To Welcome Freshmen

The luncheon and fashion show planned by the Cabinet of the Associated Women Students of San Mateo Junior College to welcome the incoming freshmen girls will be held on Friday, September 19. Luncheon will be served at 12:15 at the Commander's House on the Coyote Point campus. A.W.S. President Joan Uhlrich has announced "College Casuals" as the title of the fashion show which will be presented by Joseph Magnin of San Mateo.

Commentator for the style show will be Mrs. Adalene Ross, a former San Mateo Junior College student, well-known fashion authority on the peninsula, and recently become a television personality on West Coast channels. Sophomore models will be Kay Gonis, Carmen Nice, Adrienne McCarren, Suzanne Anderson, and June Hansen; freshmen girls who will model are Barbara Sullivan, Shirley Cohenour, and Marty Hurley.

In charge of the first social event of the fall to be given by the Associated Women Students are busy committees under the following chairmen: Nina Riley, tickets; Maxine Atwater, reception, Elsc Muller, posters, Dorene Coel, luncheon; Mary Lou Cocanougher, publicity.

RAILROAD CROSSINGS

When you come to that railroad crossing take a good look and a good listen, advises the National Automobile Club. And watch out for that second track. Many a motorists has been very careful about the train he saw, but didn't see the other one.

SLATE CAKE SALE IN COLMA FOR SATURDAY

In an effort to raise money for a tabernacle for the sister's chapel, women of Ho'y Angels church are holding a cake sale, Saturday, September 20.

Up for purchase will be a variety of delicious home cooked cakes, pies, and cookies.

The sale gets underway at 1 p.m., continuing to 5 p.m., at the parish hall on San Pedro road in Colma.

Eagles Social Slated Sept. 20

FOE Colma-Vista Grande Aerie No. 1848 will hold their semi-monthly social September 20, San Jose avenue at 8 p.m., at the FOE hall.

A special attraction will be an all-girl orchestra, which also will present a floor show.

A buffet will be served after the floor show.

Del Fehl, president, extends a cordial invitation for all members and their guests to attend.

DALY CITY ARTISTS INVITED TO EXHIBIT

Artists in Daly City and the nine Bay counties this week were invited to exhibit in the sixth annual San Francisco Art Festival, October 7-12 at the Palace of Fine Arts in San Francisco.

The Festival is open to all painters, sculptors, ceramists, metal crafters, jewelers and graphic artists in the area. The city has allocated $2000 for the purchase of works exhibited during the show.

San Francisco has received national and international recognition for its Art Festival, which until this year was the only free community-wide show of its kind in the United States.

AMERICAN LEGION PARTY SET SATURDAY

Pete Andrews, newly installed commander and officers of of the Bernard McCaffery Post No. 355 of the American Legion in South San Francisco extends a special invitation to all members, their families and friends, to join them on Saturday, Sept. 20, at the American Legion's recently remodeled hall, Grand and Linden avenues, at 6:30 p.m. and bring their favoriate recipe, hot dish or salad for a grand evening of good food, free entertainment, and free dancing.

Come early and don't forget the kiddies.

June Wedding Date Announced For Janet Reynor, Milt Tromborg

Plans have been revealed that Miss Janet M. Reynor and Milton A. Tromborg will wed in June, 1953.

Miss Reynor, 18 years old, is the daughter of Mr. and Mrs. Arthur Reynor of 77 Muirwood drive.

Miss Reynor attended I. C. A. school in San Francisco and was graduated in June of this year.

She now works for the Emporium in San Francisco.

The future bridegroom is the son of Mr. Thomas A. Tromborg of 174 Moltke street. Tromborg is a local plumber here in Daly City with his other son, Thomas Tromborg, Jr.

Milton is a graduate of Jefferson high school from the class of '51, where he was Student Body Vice-President and editor of the school paper for two years.

Milt is now employed by the Superbo Water Heater Co. at 1422 Ocean Ave., San Francisco.

This is the first wedding in the Reynor household and the second in the Tromborg house.

Whist Proceeds Go To Chapel

Proceeds of today's Ladies of St. Michael's Parish sponsored whist game will go to the Sisters' chapel, according to Louise Buckholz, chairman.

The whist games are regular affairs held to gain finances for worthy purposes.

Members of the committee in charge of today's get together were: Mesdames Josephine Mulholland, Frank Nomellini, Jess Storm and Frank Casebolt.

Bake Sale Set Here Saturday

Baked goods like mother used to make will be on sale this Saturday, September 20, women of the Hope Lutheran Church announced today.

The sale, to be held at the Western Auto Supply Co. store in the Broadmoor shopping center, will get underway at 9:30 a.m.

"Treat yourself to a treat, and at the same time help a worthy cause," Mrs. M. Moreno, publicity chairman, said.

All money from the affair will go to assist in work of the Ladies Guild in this community.

CONDUCTING the course in "Work Simplification in Home Making" every Tuesday morning in the San Mateo City Council Chambers under auspices of the San Mateo County Heart Association is Mrs. Evelyn March, home economist associated with the agricultural extension service of the University of California for 12 years. Mrs. March has a bachelor of science degree in chemical engineering from the South Dakota School of Mines and a masters' degree from the University of Colorado. The classes—popularly called "Heart of the Home"—course is designed for the benefit of cardiac homemakers, nurses, teachers and social workers. It is believed the first course of its type ever given in Northern California.

Transportation Group Awaits SF Report On Re-Routing Of Bus Here

Joe Verducci, chairman of the transportation commission, said this week that the transportation group will take action on the re-routing of the No. 76 bus to cover south Daly City, Broadmoor and Westlake following the report from the San Francisco Public Utilities commission.

The Utilities commission is expected to meet within the next few days to render their verdict. Municipal Railway officials have already inspected the proposed route.

Sheridan PTA Sets Luncheon Date

Mrs. John Zwicker, magazine and emblems chairman of Sheridan PTA has announced that a "Magazine Luncheon" will be held Thursday, September 25, at the Pilgrim Congregational Church, 400 Randolph street, at 1 p.m.

Purpose of the luncheon is to promote the sale of the California Parent-Teacher Magazine, and a one-year subscription to the magazine will be given with the price of the lunch.

For further information and reservations, call Mrs. Zwicker at Juniper 4-6451 or Mrs. J. F. Harrop, unit president, at Plaza 5-0234.

JEFF HIGH PTA TO MEET OCT. 9

The first executive board meeting for the new term of the Jefferson Union high school PTA was held at the home of the president, Mrs. Ida Blackburn, on September 4, 1952. New members of the board were welcomed.

Many ideas were suggested as to ways of cooperating with the students and the school. One of the first undertakings will be to serve refreshments at the Freshman Ball.

The first regular meeting will be held on October 9, 1952, at eight o'clock. All teachers will be present. The parents of all students are invited to attend and meet them. You do not have to be a member of the PTA to attend this meeting.

Four Teams Take Three Straight In Opening Of Keg Competition

Four teams knocked over their opponents in one-two-three style in the Tuesday night opening of the Daly City-Colma league to start off the season with a four-team tie for first.

Taking three straight from their opponents were the Daly City Lions, Brisbane Lions, Central Club (champs for the past two years), and Timossi Motors, defeating respectively the Pearson & Rector squad, Thur Meat Co., Hilltop Market and San Bruno Lions.

In the initial night's competition, high team series was racked up by Central Club, with 2550. Pete Milotti, bowling under Daly City Cab colors, fashioned a 224 high individual score for the evening. High individual series was claimed by Babe DeLucchi, also a Central Clubber, with 555.

Paul De Luchci Jr. managed a 208 high game for the night and wound up second in the high series department with a 550. Joe Belli, Daly City Lion team member, rolled a 535 series, which gained him third place in that category.

Play in the 80 per cent handicap league will be held Tuesdays at 8:15 p.m. for the coming 30 weeks. Officers of the circuit are Del Fehl, president; R. L. Crane, secretary; Joe Belli, secretary. Fehl bowls for the Central Club while the other two officers are with the Daly City Lions.

Standings at present are:

Team	Won	Lost	Pct.
Daly City Lions	3	0	1000
Brisbane Lions	3	0	1000
Central Club	3	0	1000
Timossi Motors	3	0	1000
Homesby Sterling	2	1	666
King's Market	2	1	666
Daly City Cab	2	1	666
Vince and Fred	1	2	333
Fuller Paints, SSF	1	2	333
Paul's Flowers	1	2	333
Pearson & Rector	0	3	000
Thur Meat Co.	0	3	000
Hilltop Market	0	3	000
San Bruno Lions	0	3	000
Foresters of America	..	..	.....
Team to be Added	..	..	.....

Industrial Division Women's Bowling To Run 27 Weeks

The Industrial Division Women's Bowling League will be held on Monday, Wednesday, and Thursday evenings for twenty-seven weeks it was announced today by the San Francisco Recreation and Park department.

The Monday and Wednesday Leagues will bowl at the Downtown Bowl, Eddy and Jones Sts., at 7 p.m. The Thursday League will bowl at 6 p.m. at the Broadway-Van Ness Bowl, Broadway and Polk streets. The Industrial Division Championship will be determined by a "Bowl Off" between the various League winners.

The Women's International Bowling Congress League rules will govern the matches. On the first night of play every bowler bowled from scratch. Handicaps will be worked out on the basis of actual team averages.

For additional information on this league for women bowlers, call Mrs. Rose Fogarty, Supervisor of Girls' and Women's Athletics, SK. 1-4866.

Four Tons Of Sharks Caught At S. M. Shark Derby

The most exciting and record-breaking Shark Derby fishing competition was held Sunday at Coyote Point, San Mateo, before an estimated crowd of 23,000 spectators.

2719 sharks, weighing more than 4 tons, were hauled out of San Francisco Bay waters by 1,484 fishermen. The greatest number ever caught in previous contests was 2,606.

A first in fishing history in the world was recorded when an albino shark, of the seven-gill type, was turned in by George Balmer, 239 Miller Avenue, Mill Valley. According to Dr. Earl Herald, curator of the world famous Steinhart Aquarium, this is the only albino shark ever snared. Dr. Herald was present with a scientific expedition to gather valuable research data.

An 84 pound seven-gill shark, the biggest in Shark Derby history, was reeled in by Jack Miller, Route 2, Box 103, Petaluma. It took him and a friend 45 minutes to bring the six foot seven inch shark into their boat. Miller had to beat the monster over the head several times before it finally could be subdued. He took it off San Bruno shoals.

DON'T CARRY LOADED GUNS IN A CAR

The law against carrying a loaded gun in vehicles is still producing arrests and fines for those hunters who haven't heard of it, haven't read it in their hunting abstracts—or just forget, reports State Department of Fish and Game Patrol Chief E. L. Macaulay.

"A 'loaded' gun under this law is a gun with a cartridge in the chamber," Macaulay explained. "Shells may lawfully be carried in the gun's magazine. It's wise to observe the law, which prevents accidents and saves fines, ranging from $25 to $100," he added.

CHERRY VALLEY DAM BIDS TO BE CALLED

Bids will be called for immediately for the necessary clearing of the area to be occupied by the Cherry Valley Dam in Tuolumne County, it was reported this week.

The Public Utilities Commission took the first steps toward construction of the $16,000,000 project this week and Utilities Manager James H. Turner has estimated work will begin next month. He described the dam as a "potential water supply source for the city, with future power possibilities."

The government will pay $12,000,000 of the cost of the project. Remaining funds were voted two years ago into a $4,000,000 bond issue.

Monday Is Deadline For Swimming Meet

Monday is the last day for entering the Annual Swimming meet for boys and girls to be held Saturday Sept. 27, by the San Francisco Recreation and Park Department. Bring or mail entries to the Mission Pool Nineteenth and Linda streets.

This Department's Annual Swimming Event will be held at Crystal Plunge, 775 Lombard St. It is open to all boys and girls eighteen years of age and under, and competition in the various events will be according to age groups as well as separate races for boys and girls. Spectators are invited to attend free.

Distances will be from twenty-five yards to a special event of two-hundred-twenty yards free style swim for boys from sixteen to eighteen years.

Daly City Gridders Hold Down Key Spots At Serra

Three Daly City athletes will hold down key roles in Serra High's coming grid season.

John Robinson, with another year of eligibility remaining after this season, will occupy a starting end position. Robinson was Serra's leading scorer in the '51 campaign.

Probable starter at quarterback will be Jack Allain, who last year operated in the forward wall as a tackle.

Mike Laramie, up from the frosh-soph team, is scheduled for duties at the left half position. He will be playing the spot held by his brother, Tom Laramie Jr., when he won all American honors while at Serra.

Fleishhacker Pool Open Until November 1

Fleishhacker Swimming Pool will remain open until November 1 according to Mrs. Helen Center, Supervisor of Swimming for the San Francisco Recreation and Park Department.

The pool will be closed for the winter months and open again April 1 of next year.

Admission at the pool is fifty cents for adults, eighteen years and over—ten cents for children, under eighteen.

Jefferson Grid Varsity Preparing For Season Opener With Mt. View

The Jefferson High varsity gridders opened practice sessions Monday, with Coach Joe McGrath putting heavy emphasis on offense in preparation for the season opener with a strong Mt. View team here Oct. 3. The squad from down south trounced the local team last year.

To date the Jeffs have stayed away from heavy scrimmage in an effort to shape up their T attack, which has been in the background the past two years when they operated from the single wing.

Coach McGrath said the switch came about because of lack of personnel who could function effectively with the wing. He explained that in the wing heavy blocking backs are a necessity. With the exception of one man, McGrath's men are around the 150 lb. mark.

The league ruling forbidding practice before Sept. 15 has put somewhat of a crimp in the team's early season form. The Jeffs will have only 13 practice days before meeting the Mt View team, which competes in the SCVAL, and therefore is allowed late summer practice sessions.

The Indians first league encounter is two weeks following the practice opener, Oct. 17, against a seemingly strong Burlingame club.

Below is the 1952 league schedule for the Jefferson Indians: Oct. 17, Burlingame, there; Oct. 24, San Mateo, here; Oct. 31, Palo Alto, here; November 7, Menlo Atherton, there; Nov. 14, Capuchino, here; Nov. 21, San Jose, there; Nov. 27, South San Francisco, here.

Concensus to date is that San Mateo will be the team to beat, with Willow Glen, Sequoia and Burlingame next in that order.

McGrath has a roster of 49 to draw from and to date has selected the following 22 men to make up the first two squads:

Right ends, Bill Allan, Mike Cloonan; right tackles, Jim Holt, Vic Irons; right guards, Ron Wright, Jack Thur; centers, Richard Cryer, Jack Madden; left guards; John Geertsen, George Spoulof; left tackles, John Wiesner, Joe Earnshaw; left ends, Charley Carroll, Jim Galindo; quarter backs, Dan Bertelli, Ray Rosa, Joe Lewkowitz, Larry Blanchard; full backs, Nick Bockwinkel, Wally Honeywell; left halfs, Mario Leveroni, Omar Grimes; right halfs, Joe Galante, Ed Gallagher.

Three '51 Starters Return To Jeff Frosh-Soph Squad

Jefferson's frosh-soph team, under the tutoring of Ernest Ribera, will be out to improve on their last year's record, which hardly left room for improving.

The "little" Indians managed to capture 10 out of 11 contests last year, their record being blemished only by San Mateo, league champions, who went undefeated.

Coming back this year from last year's stellar outfit will be Herbie Frost, quarterback, Delmar Hamann, half back, and Bill Honeywell, brother of the varsity performer.

LOCAL GRID TEAMS TO TANGLE THIS SUNDAY

This Sunday will mark the third meeting of the South San Francisco Windbreakers and the San Francisco Broncos, with the Breakers seeking their third victory over their opponents.

The Bronco's are well-stocked with college and professional gridders while the Windbreakers boast local talent. Heading the Bronco's team are such players as Bill Beare and Dave Marcelli of St. Mary's and Perricone, flashback of Northwestern, who racked California in the Rose Bowl.

This is the second game of their schedule, the Windbreakers having won their last weeks tilt with the Marin Lions, 13-6, "Pony" back Alfie Patterson scoring both TD's over the Lions.

Sunday's spectators will witness an action packed game. Kickoff at 2:15 p.m.

Local Gridder At Cal Poly

George E. Hill of Daly City, an Aeronautics major, was among the 100 gridders reporting for football practice at California State Polytechnic college.

Coach Roy Hughes' varsity team will open the season Saturday against Sul Ross State college in Alpine, Texas, while the junior varsity opens Sept. 27 against the College of Sequoias.

Also listed among those reporting was Stan Sheriff, all-California Collegiate Athletic Association linebacker, from San Francisco.

Ken Sanguinetti At Naval Cadet School

Ken Sanguinetti of Daly City is now undergoing training as a naval cadet at the U. S. Naval Pre-Flight school in Pensacola, Fla.

Sanguinetti earned the rank of staff sergeant in the Marine corps in 20 months, studying at an Oceanside college at night to complete his two year college credit requirements needed to make him eligible for the naval cadet school.

He was also a Judo instructor at Camp Pendleton prior to entering the naval school.

Just as a powerful steelhead or king salmon is top prize to a Western angler, so is the Atlantic salmon to an Eastern rodman. In either case, a fellow is willing to travel many miles for the chance to connect with even one of these savage fighters.

From mid-June until the end of the season in September, huge runs of Atlantic salmon occur in the coastal rivers of New Brunswick, Nova Scotia, and Newfoundland, with still others in Quebec and Labrador. Most can be reached by auto, some by train, and a few by airplane.

In Nova Scotia, the St. Mary's River yielded more than 1000 salmon itself last year, and many were of good size. There are no leased waters in this region, so there is plenty of public fishing. You should fish the Medway River in June, the St. Mary's in July, and the famous Margaree in August and September.

Salmon fishing is good during wet weather, or right after a heavy rain; few fish are hooked during a long dry period. A hundred yards of backing for your regular size E or D level Old Gold fly line is none too much to hold the racy Atlantic salmon, so you need a large capacity Sportcraft fly reel.

One of Newfoundland's largest and best salmon rivers is the Gander, with good fishing from July 1st on. Average size fish taken here is around 5 pounds, but the salmon are plentiful and some go over 20 pounds. The Upper Humber is another excellent salmon-site, where the fishing starts around June 20. Best results are below Big Falls in the wide and long pool. The Serpentine River also offers all that can be desired, with the fishing good from June 20 until the end of the season.

Artificial flies only may be used, and the majority of salmon are taken on wet flies (Jock Scott, Silver Wilkinson, Silver Doctor, Dusty Miller) in hook sizes 4, 6, and 8. For sporty work, you can use a Golden Rod tubular glass spinning rod and large capacity fixed spool reel, or a 9-foot Vernley or Ike Walton tonkin bamboo fly rod.

In the lakes of New England, for instance, you can have some great action with landlocked salmon, or ouananiche, by using a two-piece wet fly action tubular glass fly rod, Sportcraft fly reel, and size F Dry Fiite nylon line and surface trolling with a tandem-hook streamer fly. When a salmon strikes, he's hooked; he leaps and dives, then streaks through the water. Man, on the glass fly rod you've got ACTION!

Out on the West Coast, such as in Puget Sound, you can get as much sport from using the two-piece tubular glass Pacific N.W. Salmon Rod 8½ feet long for trolling. This will handle your largest kings and silvers . . . and you'll know you've got a fight on!

Read the salmon chapters in Old Hi's free illustrated booklets "*Fishing For The Millions*" and "*Pacific Coastal Fishing*" for additional facts on tackle and methods for taking these fish. With steelheads and cutthroat trout also running, it's the season for angling sport in the West. Write for your booklets today, sending a postcard request to Old Hi, in care of this newspaper.

Bag Yourself A Buck

DEER SEASON OPENS THIS SATURDAY

"Fair to good" is the forecast for hunters who will open the Sierra and northwestern deer season this Saturday, September 20, according to area reports from fore than 40 State Department of Fish and Game wardens.

Shooting hours are from a half-hour before sunrise to a half-hour after sunset and limits are two bucks in the northwestern area and one buck in the Sierra zone.

Excellent To Poor

Wardens' pre-season reports range from "excellent" prospects in Kern County to "poor" in Lassen-Modoc. Wardens' predictions, county-by-county:

AMADOR—Good. No winter loss. Try between 3,000-5,000 feet elevation.

BUTTE — Little posted land. Best should be in Bald Mountain, Philbrook, Chapparral, Coon Hollow, Snag Lake, Cold Springs and Jonesville areas.

CALAVERAS — Normal deer numbers below 5,000 feet. Lots of forked horns higher. Best hunting may be above 6,500 feet.

DEL NORTE — Deer in average numbers and good condition. Best should be in High Plateau, North Fork of Smith River, Sanger Lake and Youngs Valley, Bear Basin, Summit Valley and Bald Mountain areas.

Try Gold Hill

EL DORADO — Poor to fair throughout the Divide. Try Gold Hill, Green Valley, Silver Fork of American River areas.

FRESNO — Normal numbers of bucks in good condition. Best should be in the National Forest on either side of the Kings River.

HUMBOLDT — Generally good, small winter die-off. No fire closures to date. Much posted land, but permission to hunt can usually be obtained by responsible sportsmen. Only sizeable public land is in rugged Shelter Cove and Kings Peak areas.

EAST IMPERIAL — Deer fat—but few in East Imperial. No fire hazard.

Deer Well Conditioned

EASTERN TULARE — SOUTH INYO — Deer in good condition. Best should be Kennedy Meadows, Monache Meadows, Templeton meadows and upper Cottonwood Creek—all 6,000 feet and up. No fire closures, little posted property. Try Inyo County later in season—in Olancha, Lone Pine and Independence areas.

KERN — Many bucks in excellent shape in Kern River herd. Desert herds generally depleted. Best should be Greenhorn mountains and upper Kern river areas.

TULARE — KINGS —Very few deer seen in Big Meadows area, small kill predicted.

LASSEN — Considerably fewer deer seen this year in desert area.

MADERA — Should be good to excellent in easter nhalf. Best may be in Central Camp-Whisky Ridge and Clover Meadow-Granite Creek areas. No fire closures.

MARIPOSA — Prospects only fair. Signal Peak and Crane Flat areas look best.

Modoc Lousy

MODOC — Prospects appear poorest in years.

MONO — Looks good in Bridgeport and Coleville areas in the high country. Plenty of water and good forage, low winter die-off. McGee and Laurel mountains, Mammoth Lakes, Parket mountain, Pilot Springs and Tioga Pass areas should be best.

NEVADA — Fewer deer this year. No "choice" hunting spots reported. West county bucks appear bigger this year, in low country.

PLACER — Fair propects, but bucks well scattered. Try higher elevations.

PLUMAS — Slightly below average prospects. East side die-off was high.

Good Prospects

RIVERSIDE — Good prospects near Mt. Center, Garner Valley area east of Highway 74 and Hurley Flats area. Lifting of fire closures would increase the kill.

SAN BERNARDINO — Very few deer seen. They're in high country, and new county firearms ordinance protects them in populated places except Fontana area.

SAN DIEGO — Prospects poor. Best bets may be desert mountains east of Julian and Chihuahua valley north of Julian.

SHASTA — Fair to good opening expected. Fire danger extreme.

SIERRA — Western county fair to poor, except Haskell Peak. Fair to good on eastern slopes. Very few spikes seen.

Go Up For 'Em

SISKIYOU — Less dear, but in good shape, on valley floor. They are probably in the higher elevations—at present. McCloud Flats may be best, Bray and Tennant areas next best.

TEHAMA — Average prospects. Should be best near season's end.

TRINITY — Looks fair. Three-quarters of county not posted, but rugged.

TULARE — Few bucks seen and hunters will have to work hard.

TUOLUMNE — Prospects excellent for the usual spots. Roads poor.

YUBA — Resident deer in excellent shape. Much private land where permission to hunt is required.

Touch Tackle Football League To Be Held By SF Recreation Dept.

A Touch Tackle Football League will be conducted by the San Francisco Recreation and Park Department with the first game scheduled for Saturday, October 11. This League is for boys under eighteen years of age. Each team will consist of six players.

Six Exponent Divisions have been established for this League—80, 90, 100, 110, 120 and 130. Play will be conducted on a single round robin basis with winners of various divisions playing for the City Championship.

Entries must be submitted to the Athletic Office of the Recreation and Park Department, McLaren Lodge, Golden Gate Park, not later than Wednesday, Sept. 25. Each playground or agency may enter as many teams as desired.

Annual California Recreation Report Now Available

The annual report to the Governor of the State of California Recreation Commission, for the fiscal year 1950-51, was released to public and voluntary recreation agencies today at Sacramento by Mrs. Rollin Brown (Los Angeles), chairman of the Commission.

Requests for the 83 page document may be addressed to the Commission at 909½ Eighth St., Sacramento 14.

Mrs. Brown stated that 85 of the 165 local public recreation agencies operating as of December 31, 1951, were established since January 1, 1946. These 165 agencies spent an estimated $29,098,564 in the fiscal year from city, county and district funds (page 65 of the report). Local public agencies employed 1,290 full-time recreation administrators and leaders and 7,332 part-time personel in the same year to conduct recreation programs (page 74.)

The report details adjustments in services of the Commission because federal restrictions on new construction of facilities came at the same time that thousands of service personnel began to pour into communities in search of leisure activities. Greater demand was evidence by local agencies for recreation administrators and leaders. Colleges and universities made some improvement in train- programs for recreation personnel.

Brief resumes of significant developments in 21 sample communities, where the Commission has conducted studies, are included in the report (page 34): Avenal-Kettleman City, Chico, Claremont, Coronado, El Monte, Fairfield, Gardena, Los Banos, Huntington Beach, Maywood, Monterey Park, Oceanside, Oroville, Salinas, Sanger, San Gabriel, Santa Clara, Santa Maria, Sunnyvale, Torrance and Visalia.

NEVADA COUNTY TROUT

Some lakes in the Nevada County area have been producing fair catches of trout during calm periods in the last week, reports the National Automobile Club.

SPORTSMAN'S CALENDAR

The Department of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

DEER—September 20 to October 19 in northwestern and inland (Sierra) area. Bag limits: 2 bucks in northwestern areas (Del Norte, Trinity and Humboldt counties, and westerly portions of Siskiyou, Shasta and Tehama counties); 1 buck in inland area, including San Diego County. Shooting hours: one-half hour before sunrise to one-half hour after sunset. Ends September 14 in Coast Range counties.

BEARS—Opens in Sierra Districts and northwestern areas September 20 and closes December 31. Remains open in balance of State until December 31. Bag limit: 2 bears per season.

JACK RABBITS—Opens September 1 in southern California districts 4, 4⅛, 4¾, 19, 20 and 22. No closed season elsewhere. No bag limit.

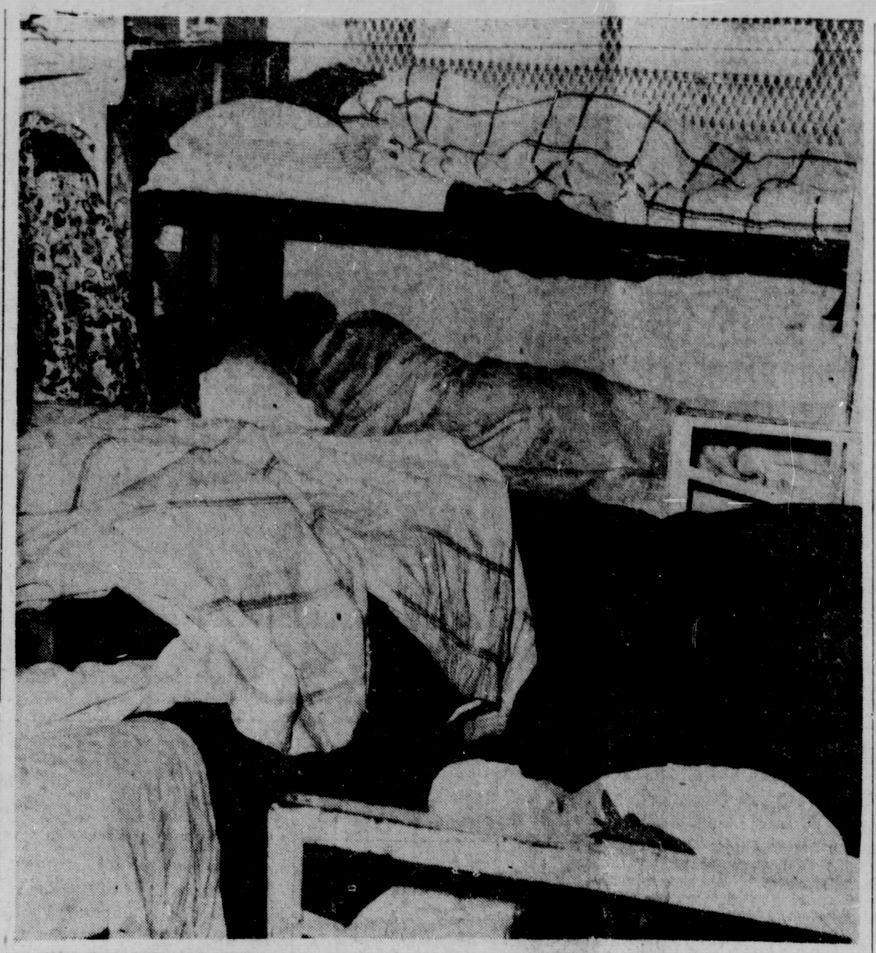
DOVES — September 1 to 30 Whtie wings in Imperial County only, September 1 to 30. Daily bag and possession limit: 10. Shooting hours: one-half hour before sunrise to one-half hour after sunset, except on September 1 when shooting begins at noon.

PIGEONS—September 16 to 30, and December 17 to 31. Statewide. Daily bag and possession limit, six per day and six in possession. Shooting hours: one-half hour before sunrise to sunset.

BRUSH AND COTTONTAIL RABBITS—September 1 to December 31 in central and southern district 3, 3½, 4, 4⅛, 4½, 4¾, 22 and Marin, Sonoma, Mendocino, Humboldt and Del Norte counties. Opens November 22 elsewhere.

TROUT — No closed season in Colorado River Area. Ends October 31 elsewhere. Bag and possession limits: 15 trout, salmon or whitefish, or combination; 10 in Colorado River Area.

BLACK BASS, SUNFISH, CRAPPIE, SACRAMENTO PERCH — Bag limits: 5 black bass, 25 sunfish, crappie, perch combined. Local exceptions.



GIRL INMATES CROWDED—Arranged for only one occupant, this small room in Juvenile Hall now contains five. The same condition of crowding holds true in all sections of the modern county building. Based on normal county growth, the structure was expected to provide for ample needs until 1958. Now, with the vast increase in population of San Mateo County and its attendant increase in juvenile delinquency, the building has been taxed beyond capacity. Voters are asked to alleviate this condition by giving favor to a $400,000 bond issue for constructing new additions to Juvenile Hall. Election is November 4. A mass meeting of citizens to work for the bonds will be held Wednesday at 8 p.m. in the San Mateo YMCA Building.

Three Projects On Local Lions Agenda

The Mid-Winter Lions conference, a study on the local parking meter problem and a youth program are the three current projects before the Daly City-Colma Lions club.

The mid-winter confab, headed by Prexy Hal Willis, will endeavor to put out a first class welcome for Lions visiting from other states. The Lions, as well as other local merchants, will be provided with welcoming signs. Plans are being made to plaster the rest of the city with banners.

Along the lines of civic improvement, the Daly City-Colma group is presently studying and working on a solution to the parking meter problem facing the merchants and people of this area. Chairman Walter Rector has made an extensive study, and has presented definite solutions to the club for approval. He will also present his recommendations to the proper authorities for study.

Third project is a "Competitive Youth Art Show" to be held during the coming months. Chairman will be Elio A. Fontana, while Lions R. L. Crane and Stanford Hannah will assist him. Handling publicity will be Joseph Belli. The art show is tentatively scheduled for late November. Judges, who will be invited from Bay Area Art Centers and Newspaper staffs, will decide on winning entries in designated fields, such as painting and ceramics.

ANGLERS TAKE LIMITS

Anglers have been taking numerous limits of black bass during the past few days on Fresno Slough and the sloughs around Tranquillity in Fresno County, according to the National Automobile Club.

Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

FRED A. STOLP, the heirs and devisees of Fred A. Stolp, also all other persons unknown, claiming any right, title, estate, lien or interest in the title, estate, lien or interest in the real property described in the complaint, adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, defendants:

You and each of you are hereby directed to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons, if served within the County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

The object of this action is to make the above named defendants and "also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upor plaintiff's title thereto," set forth the nature of their claim or claims to the said real property hereinafter described, if any they have, and that such claim or claims be adjudged to be of no effect and void, and that plaintiff's title to the same be quieted against them.

That said real property is all that certain real property situate, lying and being in the City of Visitacion, County of San Mateo, State of California, described as follows:

Lot 17 in Block 31, as designated on the map entitled "AMENDED MAP OF SUBDIVISION NOS. 1, 2 & 3 of CITY OF VISITACION CALIFORNIA," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 14, 1908 in Book 6 of Maps at page 45.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of San Mateo, this 22 day of August, 1952.

JOHN A. BRUNING,
Clerk

EVERYONE USES IT, BUT—

"Short circuit" is a term that everyone uses but how many can tell precisely what a short circuit is? It is the meeting of two conductors of electricity, points out the National Automobile Club, one outgoing the other incoming, at a point this side of the current's intended destination. This meeting permits the current to make a short circuit.

County Property Owners Association Plans Vigorous And Continuing Fight Aimed At Property Tax Savings

A vigorous and continuing program aided at property tax savings, public information on tax matters and cooperation with local government units in budget-making and expenditure control was announced today by the San Mateo Co. Property Owners' Association, Inc.

The stepped-up activity, including a membership drive, was ordered by the association's new board of directors, recently increased in membership from four to 17 to include persons with specialized experience in fields of taxation, engineering, building development, architecture, research and public relations. All are county residents and property owners.

M. L. Steinberg of Atherton, association president and a holdover director, said San Mateo County's increased tax load and failure of some taxing units to reduce levies despite a 50-per cent boost in assessed valuations, resulted in the decision to conduct a thorough program aimed at tax savings and public information on tax costs.

"We do not intend to be a 'no' organization automatically opposed to any justified expenditures required in the interests of good government," Steinberg said.

"Rather, it is our determination to maintain a close check on all taxing units study proposed expenditures and bond issues, offer our aid to tax bodies and, above all, keep the public informed on what property taxes mean to the pocketbook.

"Too often, only one side of the story reaches the public because organized campaigns in behalf of public projects, especially those involving bond issues. Our purpose will be to analyze and provide complete information in such matters. We feel that in some cases votes have been swayed by emotional appeals without presentation of indisputable facts and figures.

"Property owners of the county will learn only too well what is happening to property tax costs when they receive their bills in November—tax bills that will show the results of the assessed valuation increase."

Steinberg said the association's program will include intense activity in all property tax fields—municipal, county, schools and special districts, making use of the specialized knowledge represented on its board of directors.

"We are convinced this kind of activity definitely is required in this highly-taxed county," he added. "We are confident that the volunteer efforts of the directors and members of our non-profit organization are definitely an aid to the property owners and will give them a badly-needed 'break' in tax matters. I am sure both present and prospective members will welcome this important undertaking."

Directors will hold their next meeting at 8 p.m. September 26 at 1144 El Camino Real, Menlo Park, Steinberg said. Association members are invited to attend, he added.

Eagles Auxiliary Honor President

Colma-Vista Grande Auxiliary No. 1848, Fraternal Order of the Eagles, celebrated the birthday of its president, Dolores Warren, Tuesday evening, September 9.

Included in the many gifts was a beautiful luggage case given by the auxiliary. After the closing prayer the members enjoyed refreshments, with a huge birthday cake the main center piece of a beautifully decorated table.

Refreshments and arrangements were by Marjorie Lynch, hospitality chairman, and her committee. Mrs. Mildred Dunn handled the decorations.

The Auxiliary welcomed a new member, Edith James. Plans were completed for the mother and daughter night, to be held on September 23. Entertainment and an apron parade will highlight the program.

The Auxiliary decided to donate and assist in the Jefferson school fund. The fund provides milk for needy school children.

Plans were made for the Auxiliary's yearly calendar project. Past president Dora Black consented to again take the chairmanship.

Angel Island Day Fete Slated For Sunday, Sept. 21

There is no evidence of angels on Angel Island but from the ancient shell mounds there, there is definite proof that the Coast Indians once inhabited this place. Probably the ghosts of these former Indian inhabitants will be disturbed next Sunday, September 21, when 15,000 picnickers from the Bay Area will celebrate Angel Island Day.

For the second time in 100 years, this famous Island will be thrown open to the public. A full day of entertainment including yacht races and boat pageants, tours of the Island by elephant train, folk dancing and picnicking, swimming races, the coronation of Miss Angel Island and a championship bicycle race have been planned to entertain the visitors. Box lunches food and soft drinks will be available for those who do not wish to bring their picnic lunch.

All available passenger boat transportation in the Bay has been secured to handle the crowd. Boats will leave every 20 minutes from Fisherman's Wharf in San Francisco, Berkeley Yacht Harbor, Sausalito City Float and Tiburon.

Daly City Man Now In Korea

Second Lt. Donald G. Williams, whose wife lives at 156 School St., Daly City, recently arrived in Korea and is serving with the 7th Infantry Division.

Since making the amphibious landing at Inchon in the fall of 1950, the 7th Division has fought in every sector of the Korean peninsula, including the dash to the Yalu River.

Lieutenant Williams has been in the Army since December, 1950. He is a former student of St. Charles College in Louisiana.

His father (mother deceased) lives at 103 S. Willomet St., Dallas, Texas.

State Tax Exempts Certain Property

Property assessed at $843,000,000 was exempted from local taxation this year because it was owned by war veterans, churches, private colleges, or welfare organizations, according to George R. Reilly, First District Member of the State Board of Equalization. These owners were relieved of taxes amounting to approximately $45,000,000, Reilly stated.

Exempt values this year were 10 per cent higher than in 1951 and over twice as high as in 1947. The growth of exemptions contrasts sharply with that of taxable values, which are only 47 per cent higher today than they were five years ago.

Nearly ninety per cent of the exempt values this year were claimed by veterans. Seven hundred fifty thousand servicemen and women—fifty thousand more than last year—received exemptions totaling $648,000,000 and averaging $864 apiece. At current tax rates, the average veteran's exemption is worth between forty and fifty dollars.

Church exemptions, applicable only to places of worship, increased from 8,342 in 1951 to 8,992 this year. The values at which these properties were assessed increased from $83,000,000 to $92,000,000. The average church will save five to six hundred dollars in taxes by reason of this exemption.

Approximately 100 private colleges claimed exemptions totaling $46.623,000. These figures do not include the state colleges and university, since their property, like that of the local schools and junior colleges, is exempt as publicly owned property.

Taggart Outlines His Plans For Tax Reduction

A program for reduction of income taxes was outlined by Harold F. Taggart Democratic candidate for Congress from San Mateo County, at the first major outdoor rally held in his honor Saturday afternoon at Flood Park.

Before a large group of Democratic leaders and precinct workers, Taggart stated, "Since the present individual income tax exemption of $600.000 was established in 1946, there has been a decrease in the value of the dollar with no proportionate increase in the personal exemption.

"I intend to introduce legislation in Congress which will raise the personal exemption to a figure which will take into account present economic conditions.

"This change," he concluded, "will give to each household an exemption which will realistically approximate the cost of supporting the family."

Edward J. Reilly, leader of the San Mateo County campaign for Stevenson and Sparkman, emphasized the necessity for obtaining workers immediately in every one of the county's precincts in order to insure victory in November.

Arnold Johnson, president of the San Mateo County Democratic Club, which sponsored the rally, urged Democrats to turn out in full force for another debate scheduled to take place between Taggart and his opponent in San Mateo on October 22nd.

Daly City Girl Hurt Running Into Car

A four-year-old Daly City girl, Patricia Scott, 162 Willits street, was injured when she dashed into the street at 148 Visitacion ave., Brisbane, and ran into the side of a passing car, driven by Frank C. Monroe, 155 Sierra Point road, Brisbane. She suffered cuts and bruises and will be dismissed from South San Francisco Hospital in a day or two, attendants there say.

The Aswan Dam on the Nile River in Egypt is 174 feet high and has a capacity of 4,060,000 acre feet of water.

THE MAN BEHIND THE PHONE is none other than William Lagomarsino of the real estate and insurance firm of, oddly enough, William Lagomarsino & Co., 7100 Mission street. During the past quarter of a century this firm has been serving the local public. And despite that serious look, "Bill" probably has more friends in this fair community than a newly elected politician.

San Mateo Junior College Classes Show Enrollment Of Over 1,100 Students

San Mateo Junior College closed its first week of registration last Friday with over eleven hundred students in class on the three campuses. As students are still returning from their vacation trips, the total for this semester is expected to be still higher. Already the college shows an increase over the same period last year.

To handle increased enrollement from the coastside the college board has approved the purchase of a passenger bus that will carry 41 persons.

Community Hall of the college adult center opened its fall series of illustrated lectures with a program on Hawaii this Monday and next Monday evening will present Wilbur E. Twining with color pictures and lecture on "California's High Sierra." Sept. 29 the illustrated program will be "The People and Industries of Alaska." The programs start at 7:30 in the college auditorium and are free to the public.

The Associated Student Body officers welcomed students back to college last Friday evening with a carnival dance and the college gym was packed with the dancers. This Friday noon the Associated Women Students will welcome the coeds back to college with a luncheon and fashion show. The churches of San Mateo and Burlingame are having an inter-faith progressive dinner this Friday evening for the college students who will visit the different churches. This will be especially important for newcomers to the Peninsula.

Over 50 football players are working out in preparing for the opening of the grid schedule April 26 when San Mateo plays Long Beach in a night game at Burlingame.

Colma Woman To Receive Red Cross Service Award

Mrs. Margaret Pauline Brown of Colma will be among those honored at the third annual Helen Percy Chesebrough Memorial Awards tea Thursday afternoon, Sept. 25, for their "unselfish and faithful" service to the Red Cross.

Mrs. Brown's record of service to the organization numbers 21 years. She will receive a certificate and a bar pin for her efforts.

The tea will be held at the local chapter house in Burlingame and will be attended by approximately 350 Red Cross volunteers.

BLANKS FOR PHOTO CONTEST AVAILABLE

Entry blanks for "Photography Day" contestants at Sigmund Stern Grove on September 28 (Sunday) are available at the San Francisco Recreation and Park Department Photography center, 600 Ocean avenue or may be obtained from camera stores.

Forty awards will be made—ten in each of the four competition groups. The four groups to be judged are minipix, prints from 4" x 5" to 8" x 10"; projectable color slides; solon prints, any size mounted on 16" x 20" mounts; and inter-club competition.

This is the fourth annual photography day event to be sponsored by the Photography Center and the Northern California Council of Camera Clubs.

There is a total of 3745 certified tree farms in the United States.

DOVES PLENTIFUL

Doves are still plentiful on the desert ranges of Kern County, reports the National Automobile Club.

Driver Education Program Slated For Jeff High

Robert W. Jackson, director of Public Relations for the National Automobile Club, will speak before an assembly of students and teachers of Jefferson Union High School in Daly City, at 10:50 a.m., Monday, September 22, on the vitally important subject of "Driver Education and Public Safety."

Jackson will discuss some of the most common types of accidents involving teen-agers and the ways of preventing these accidents, followed by a dramatic sound film on Driver Education.

Assemblies such as this are part of the year-round program of Public Safety and Accident Prevention sponsored by the National Automobile Club in cooperation with the California Association of Insurance Agents, and endorsed by the California Highway Patrol, Department of Education, National Safety Council, and local enforcement agencies. The presentation is designed to develop interest and attitudes necessary in safe driving.

Jackson is a member of the Department of Motor Vehicles Advisory Committee on Motor Vehicle Legislation and the Governor's Safety Conference.

SMJC Classes For Adults Opens Fall Registration

The San Mateo Adult Center opened for the fall quarter on Monday, September 15. Registration will be accepted at the Baldwin Campus during the daytime Mondays through Fridays and in the evenings on Mondays through Thursdays. The fall quarter runs to January 2.

Last year 7,000 different adults studied in some 192 different classes offered by the Adult Center in Brisbane, Sharp Park, Moss Beach, Half Moon Bay, Daly City, Millbrae, Burlingame and San Mateo. About 130 instructors were in charge of instruction under the direction of Philip D. Morse, Director.

Opportunities in adult education range from classes in preparation for citizenship examinations through preparation for vocations, home-making, and cultural instruction. Industrial training for San Mateo County apprentices is offered in plumbing, carpentry, electricity, plastering, lathing, automobile mechanics, auto body repair, television maintenance and repair. Home-making education includes classes in sewing, child guidance and family living.

Areas of business education include accounting, shorthand, typing, business machines, preparation for the real estate license required by the State of California. In cultural subjects, adults may study foreign languages, English literature, science, mathematics, music, speech, drama, and radio production. Physical education, arts and crafts, forum and discussion groups contribute to leisure time educational activity.

An adult who registers may participate in such well-known group activities as the popular San Mateo Junior College Canning Center, Parents' Cooperative Nursery School, the Peninsula Little Theatre, the Peninsula UNESCO Forum, and the Driver Education program.

JUVENILE HALL BOND ISSUE MEETING SET

Roy Votaw, Chief of Division of Field Service, California Youth Authority, is to be the principal speaker at the mass meeting of civic leaders called for next Wednesday at 8 p.m. in the San Mateo YMCA, when the campaign to acquaint the public with need of enlarging San Mateo county Juvenile Hall will be started.

Over 400 civic, religious and fraternal organizations have written acceptance as to having representatives at the meeting. This group will be divided into smaller units to carry on the work to secure a vast majority vote for the $400,000 Juvenile Hall bond issue which will be on the ballot November 4.

Judge Cotton Leading

Taking leadership in this meeting will be Judge Aylett R. Cotton, who presides over Juvenile Court; T. Louis Chess, general passenger agent of the Southern Pacific company, who has accepted chairmanship of the general committee; Attorney J. Ed McClellan, chairman of the county probation committee, and John S. Cowgill, chief county probation officer.

"Crowded conditions at Juvenile Hall faces a serious problem for officials into whose hands come for reformation the youthful boy and girl transgressors," said Judge Cotton.

Sudden Increase

He explained that when the hall was built four years ago its arrangement had been predicated on normal county population increase, which presumably would not tax its capacity until ten years had passed.

But now, he reports, there has been such an unpredicated influx of new dwellers to the county, attended by subsequent increase in offenses by juveniles, that Juvenile Hall must be enlarged at once.

The judge asks all citizens interested in welfare and redemption of boys and girls, to attend the mass meeting on Wednesday in the YMCA.

Visiting Nurse Service Studied

A panel discussion on the value of visiting nursing service will head the program of the first county-wide membership committee meeting of the Visiting Nursing Association of San Mateo County, Inc., it was announced today by Dr. Logan Gray. The meeting is scheduled for 10 a.m. on Tuesday, September 30, at the Burlingame Recreation Center.

Dr. Harold D. Chope, San Mateo County Health Director, will serve as moderator for the panel. Dr. Thomas Farthing, San Mateo physician, will discuss the value of the service from the standpoint of the private physician; Mrs. J. H. P. Howard, Jr., first vice-president of the VNA, will present her point of view as a board member; Miss Martha D. Adam, executive director of the VNA, will present the nurse's point of view; and Mrs. Harry Benzer will give the patient's viewpoint as a user of the service.

The panel discussions will be followed by four small group discussions, with representatives from organizations throughout San Mateo County divided into groups according to district. Leading each group discussion will be a district nursing supervisor, a member of the VNA board of trustees, and a member of the VNA public relations committee.

Woodrow Wilson PTA Schedules Active Year

The Woodrow Wilson PTA will hold its first meeting on Tuesday, September 23, at 1:15 p.m. in Room 1 of the school house.

Officer J. Sunderman of the local police force will speak on "Safety 'In Our Community.' Also, a film entitled "The Safest Way" will be shown.

The classroom having the most parents in attendance at the meeting will receive a prize. A prize will be awarded each month throughout the school year. The prizes will be useful to all in the winning classes.

In order to raise funds to carry on the work of the PTA, members will assemble and print a Book of Recipes, which will be sold at a later date.

Mothers are asked to bring two or three of their favorite recipes to the first meeting.

Another event on the fall program will be a colorful bazaar, which will be held on November 21. There will be a grand program, cakes and pastries, homemade garments and linens, potted plants, grab bags for the children and many other festivities.

Just keep watching THE RECORD to keep posted on all events.

Mrs. Robert Williams will take over the presidency of the Woodrow Wilson PTA. Past president Mrs. Cunningham will join her husband in Hawaii.

Part of the jawbone of a bison, carrying several teeth, was found at a depth of 180 feet, during excavation for Pier E3 of the San Francisco-Oakland Bay Bridge.

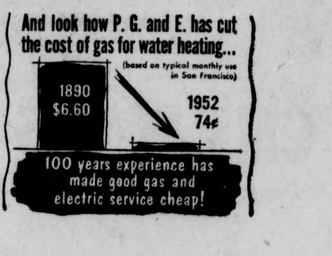
A "bottle paper" cast overboard in the North Pacific Ocean on Dec. 11, 1947, was recovered March 21, 1952, in the Philippines after a probable drift of 6285 miles.

The first Ferry Building in San Francisco was erected in 1877.

1890-The first automatic gas water heater was big household news...
It put an end to heating water on the stove or lighting and turning off a gas heater. It was clumsy and small, but it provided hot water at the turn of the tap.

Now it's streamlined and fast for today's big needs

Better living today is more nearly complete when you have a big, fast automatic gas water heater supplying your home with all the hot water you want—when you want it. Growing families, extra bathrooms, automatic washers all add up to greater demands for good hot water. If you've been running out of hot water, see your dealer now. Enjoy the practical luxury of a bigger, faster water heater in your home.



And look how P. G. and E. has cut the cost of gas for water heating...
(based on typical monthly use in San Francisco)
